STATE OF TEXAS §

COUNTY OF TARRANT §

I, _____, do hereby verify that I collected the information contained on this document and that the persons whose names are listed hereon did sign this document in my presence and that I witnessed their signature for the purposes stated herein.

Signature of Person Collecting Names

Telephone number

BEFORE ME, the undersigned authority, a Notary Public in and for the State of Texas, on this day personally appeared _____, ▪ who is known to me or ▪ who was proved to me on the oath of _____ (*name of person identifying the acknowledging person*) or ▪ who was proved to me through _____ (*description of identity card or other document issued by the federal or state government containing the picture and signature of the acknowledging person*) to be the person whose name is subscribed to the foregoing instrument, and acknowledged to me that he/she executed same for the purposes and consideration therein expressed.

GIVEN UNDER MY HAND AND SEAL OF OFFICE this the ____ day of _____, 20__.

Notary Public In and For
The State of Texas

(seal)

My Commission Expires: _____

**Gas Drilling and Production Chapter of the Code of the City of Arlington, Texas
Section 7.01 (B) (1)**

1. External Setbacks

- a. Within six hundred (600) feet from a park or within six hundred (600) feet from a protected use for which a building permit has been issued on or before the date of the application for a drilling permit. The distance shall be calculated from the well bore, in a straight line, without regard to intervening structures or objects, to the primary structure of the protected use or park boundary.
- b. This setback distance may be reduced by the City Council to not less than three hundred (300) feet only when there is the written consent of sixty (60) percent of the surface property owners within a radius between three hundred (300) feet and six hundred (600) feet around said well or upon the affirmative vote of not less than a super-majority of seven (7) members of the City Council. In the event such approval or consent is not obtained, and upon providing evidence of an attempt to obtain consent of sixty (60) percent of the surface property owners, then the distance may be reduced upon an affirmative vote of a super-majority of seven (7) members of the City Council. For protection of the public health, safety, and welfare, the City Council may impose additional requirements for a reduction of such distance, and take into account the presence of natural or man-made barriers.

All petitions of support must be submitted to the City Secretary in writing. Such written support should be in the form of a petition containing the gas well permit number, the name of the supporting property owner, the address(es) or property description(s) of the property for which the property owner is asserting support, and the verified signature of the supporting property owner(s) or a verification by the person submitting the petition confirming the authenticity of the signatures contained thereon.

1. The petition must be presented to the City Council prior to the close of the public hearing in order to invoke the super-majority vote.
2. A person may by written request withdraw their signature from the support at any time prior to the close of the public hearing only. If the withdrawal of an owner's signature reduces the percentage of land area ownership supporting the request to less than sixty percent (60%), an affirmative vote of a super-majority of seven (7) members of the City Council may still reduce the required 600-foot setback.
