Zoo day

If I could make up a holiday for our favorite animal, it would be called zoo day. On zoo day if you go to the zoo on Zoo Day you would get to feed and play with all the animals by petting them. There would be a big bin for animal food and toys. If you wanted to you could help and watch the animals that are being trained and helped. Also if you can't make it to the zoo on zoo day then you can download an app called animal donations and if you download the app then on the app you can choose an amount of money to donate to any animal of your choice. Now the date of Zoo Day will be August 17th. You can also bring your dog or cat if you have one. Then maybe that day your dog or cat also maybe you might make one new friend I mean it might happen. The day Zoo Day became a day because a whole lot of kids like animals also a lot of adults like animals to. There will also be a program for kids to go to the zoo, they will get to feed the animals and play with some of the animals.
