

2020 VALUE OF WATER MINI-POSTER CONTEST

RULES FOR ENTRY

- Kinder-4th grade - Please use a 8 ½ by 11 inch piece of plain white paper to create a **colorful drawing that shows us why water is important to you** – whether it's a picture of you and your friends splashing in the pool or your mom or dad pouring you a cool glass of lemonade. Don't forget, you can show us how animals use water, too!
- Pre-kindergarten students - please complete one of the coloring sheets posted at SaveArlingtonWater.com to enter the contest.
- You can use crayons, markers, colored pens or pencils, watercolors, or acrylic paints to create a colorful drawing. Please only use one sheet of paper for your artwork.
- Send a scan or photo of your artwork to waterconservation@arlingtontx.gov by Tuesday, Oct. 13.
- Entries should also include the following information: 1. Grade for the 2020-2021 school year 2. School attended 3. Parent or guardian phone number 4. And a couple of sentences to answer these questions - What did you draw? Why is water important?
- We'll pick six winners (in pre-k - 4th grade) and announce them on the Arlington Water Facebook page on Oct. 21, 2020. Winners will receive a pack of water-themed books, a water science kit and passes to the Discovery Room at River Legacy Living Science Center.
- Each winner and their teacher will also receive an invitation to be recognized at an Arlington City Council meeting on Nov. 10, 2020. We'll also display a poster of your work at Arlington City Hall or the Arlington Water Utilities South Service Center this fall and it may be used in our annual Water Quality Report.

The contest is for students who live or attend school in Arlington.

The Value of Water Mini-Poster Contest is sponsored by Arlington Water Utilities, Arlington Public Library, River Legacy Living Science Center, and Tarrant Regional Water District. Immediate family members of sponsor employees are not eligible for contest prizes.
