

2020 Census Coming Soon!

The 2020 Census will arrive in your mailbox in March 2020. Your response provides the data that determines your legislative representation and funds hundreds of federal programs. **An accurate Census count in 2020 is important to our community and it's important to YOU!**

The Census is **REQUIRED**. The federal government conducts a Census of the entire United State population to determine the number of congressional seats for each state as mandated by the US Constitution.

The Census is **EASY**. For the first time in 2020 you will be able to respond online from any device, or over the phone in 13 languages, in addition to the traditional paper form.

The Census is **CONFIDENTIAL**. The Census Bureau is not permitted to share your personal information with any other agency or organization. Census employees take a lifelong oath to keep your information private, at risk of a \$250,000 fine and up to five years in jail.

The Census is **SAFE**. The Census will not ask for your Social Security number, bank, or credit card accounts numbers. There is also a robust cybersecurity program to protect your data.

10 questions, 10 minutes, More for Arlington.
