General Overview

Executive Summary

The 2025 Recovery Plan Report is intended to provide the general public and the U.S. Department of the Treasury (Treasury) with information on the planned use of use State and Local Fiscal Recovery Funds (SLFRF) awards by the City of Arlington, Texas. This annual report is a follow up to the initial interim report, which was submitted August 31, 2021 to comply with reporting guidelines to use the funds, will cover the period from July 1, 2024 – June 30, 2025 as well as provide some discussion of intended future use of the funds. The City's initial plan for these funds during this reporting period will be focused on the Revenue Replacement expenditure category EC6 as defined by Treasury's "Compliance and Reporting Guidance."

The City of Arlington has allocated 67% of the funds to focus on employment, hiring, and strengthening public safety. These crucial projects will ensure a stable workforce while bolstering our commitment to vital public services. The remaining 33% of funds are being programmed towards a significant investment of our water infrastructure system to ensure we continue to provide exceptional water quality and access to nearly 400,000 residents.

Uses of Funds

To put the City's experience into context, and to understand why the bulk of these funds are being used in the Revenue Replacement expenditure category EC6 to provide government services, it is helpful to revisit the economic environment just prior to the onset of the pandemic.

As the City of Arlington entered Fiscal Year 2020 in October of 2019, the City was well-positioned to benefit from the steady revenue growth it had experienced over several years since the end of the Great Recession. By January, revenues were tracking at adopted budget levels; the 1st Quarter BAR (Budget Analysis Report) showed property taxes, sales taxes, and franchise fees at \$407,000 better than budget in the aggregate, and the General Fund's expected revenues were projected to be \$347,000 higher than budget. The City was also anticipating the April 2020 opening of Globe Life Field, the new home of MLB's Texas Rangers.

The pandemic brought a significant financial downturn almost overnight. By March and April of 2020, the City's sales tax revenues were projected to fall short of budget for the year by as much as 20%, and all revenues related to entertainment, hospitality, new development, and construction were at risk. For a city that receives an estimated 52% of its sales tax dollars from visitors, the prospect of fewer visitors created additional financial challenges. The suddenness with which the downturn occurred was unparalleled; the outlook for sales and hotel occupancy tax revenues declined so quickly that traditional revenue projection models lost much of their predictive value.

In this environment, the City approached budgeting and spending in the same way citizens and businesses confronting these challenges would operate. Initial estimates forecasted revenue losses to the City's General Fund at \$18.3M. As revenues declined, the focus shifted to preserving essential services while finding ways to reduce expenditures wherever possible. Strict expenditure controls were implemented to constrain spending for the duration of FY 2020. In April 2020, the City Manager and Chief Financial Officer addressed the potential revenue impact of the pandemic with City Council and announced several City-wide expenditure reduction initiatives designed to respond quickly to the financial crisis. Reductions implemented included:

- A 2% compensation increase for employees, planned for April 6th, was cancelled. This resulted in \$1.7M in expenditure savings in the General Fund.

General Overview

- Vacant positions were frozen from early March through the end of the year. Position vacancies provided substantial salary and benefit savings in FY 2020. The vacancy rate in the General Fund showed signs of levelling off during FY 2019 and early in FY 2020 after declining throughout the previous 18 months. However, the rate began to trend back upward with the hiring controls that were implemented mid-year. The assumptions used in developing the FY 2020 Budget included an anticipated average of approximately 44 civilian vacancies; actual vacancies in the General Fund averaged 66 civilian positions during the year.
- Delaying the hiring for recruit academies in both the Police and Fire departments to save \$520,000.
- Suspending or freezing projects in the City's Information Technology Department. These projects were primarily focused on enhancements and upgrades to technology in Public Safety areas. Foregoing these expenditures saved \$1.1M.
- Canceling planned purchases of Library books and materials, which saved \$500,000.
- Additionally, departments were tasked with submitting an additional \$7.8M in department-specific expenditure reductions. These included cuts to overtime and part-time hiring; capital maintenance and building repair; employee training, development, and professional memberships; spending on consultants, software licenses, and computer hardware.

As the above reductions remained in place for the duration of FY 2020, the City was also preparing to adopt a budget for FY 2021. The public health concerns created by the COVID-19 pandemic had not yet been resolved, and coronavirus cases were still increasing across the country and throughout Texas. The economic impact of the pandemic was far from over; many cities and states were forced to slow or even reverse their business reopening plans, resulting in substantial revenue declines for state and local governments.

Balancing the FY 2021 Budget would not have been achievable without substantial expenditure reductions. The City had faced financial situations that required expenditure reductions in the past, but the exercise that departments completed during the spring of 2020 was perhaps the most aggressive Arlington has ever undertaken. Departments were asked to submit expenditure reductions they could absorb without a substantial loss of service provision ("voluntary" cuts) and were also asked to submit a list of cuts in their respective departments that would total 10% and 25% of their departmental budgets. The "voluntary" reductions, totaling \$7,910,889 in impacts to the General Fund, were incorporated in the FY 2021 Budget.

This historical perspective of the economic conditions during the onset of the pandemic to the present brings us to the American Rescue Plan Act of 2021, specifically the State and Local Fiscal Recovery Funds (SLFRF). These funds provide the City of Arlington an opportunity to fund recovery efforts as we begin to emerge from the impacts of the COVID-19 pandemic. In June of 2021, to address the reductions taken in the FY 2020 budget, the City of Arlington City Council approved spending \$11,974,932 in SLFRF in the Revenue Replacement expenditure category (EC6).

The investments in the City's water infrastructure will be primarily dedicated to the rehabilitation of the City's Pierce-Burch Water Treatment Plant. The plant is more than 50 years old and can produce up to 75 million gallons of treated water daily. This project will include the replacement of chemical feed facilities used during the water treatment process, clearwells where water is stored, and high service pumps used to send water to homes and businesses. This project will consume approximately 84% of the planned \$27,000,000 investment in water infrastructure and grant funded expenditures will be completed in 2 phases. The remaining 16% of funds dedicated for this category will be programmed for necessary water and sanitary sewer line transmission line replacements in the City.

The planned use of these funds is discussed below in the following operating funds:

General Overview

General Fund

The City directed \$6,100,000 to the General Fund's appropriations to address the employee compensation adjustments that were suspended in April of 2020 as well as to lift the hiring freeze that was put into place at the outset of the pandemic in spring of 2020. The funding supported a 2 percent one-time payment to employees to address the compensation increase that was foregone up until that point, as well as a 2 percent recurring compensation increase to restore the raise going forward. The raise and the one-time payment were effective June 14, 2021. Additionally, the funding was used to lift the hiring freeze that was put into place at the outset of the pandemic in the spring of 2020.

Following the submission of the initial report on August 31, 2021, the City of Arlington adopted the FY 2022 Budget in September 2021. The approved use of SLFRF funds in the FY 2022 budget are directed towards 1) restoring \$7.2M in expenditure reductions that were taken in the FY 2021 Adopted Budget; 2) investing in our Fire Department, including heavy fleet equipment, additional firefighters, and staffing in public health; 3) investing in our Police Department, including information technology projects previously foregone due to revenue restrictions, hiring additional officers as well a Police Chaplain, purchasing police fleet vehicles (also previously foregone due to budget cuts), and investing in building expansion, remodeling and secure storage. The above approved use of SLFRF funds in the FY 2022 Budget total \$19.7M.

The City adopted the FY 2025 budget in September of 2024 which included changes to the use of SLFRF funds for the fiscal year. Funding which was used to restore expenditure reductions during the pandemic was able to be programmed in the General Fund directly due to the improving economic position for the City in FY 2023. For FY 2024, position's that had been previously frozen during the economic downturn were returned to the General Fund for FY 2024. Newly funded programs in FY22 were once again programmed using SLFRF funds for FY24 and will be programmed back into the General Fund as the City's economic position continues to improve. The total use of SLFRF funds for FY 2024 in this area total \$7.9M and will fall under the Revenue Replacement expenditure category (EC6) of the SLFRF guidelines. In FY 2025 the City shifted funding for newly created positions which were initially funded via the SLFRF funding have been moved into the General Fund in FY 2025. All expenses will be completed prior to the established grant deadlines.

Water Utilities Fund

In the 4th Quarter of FY 2023 after the last annual report the City programmed \$2.7M for the second phase of SLFRF funding which is intended to assist in the rehabilitation of the Pierce-Burch Water Treatment Plant. In FY 2024 an additional \$4.3M was programmed to assist in the replacement of Water transmission lines in the City of Arlington. Expenditures in this fund will fall under the Water Infrastructure expenditure category (EC5) of the SLFRF guidelines. In FY 2025 the final amount of funding for Water projects was spent. The water transmission line project is complete and operational and the Pierce Burch rehabilitation project is scheduled to be complete and operational before the end of the ARPA project requirements.

General Overview

Convention and Event Services Fund

In FY 2020, revenues in the Convention and Event Services Fund, which are primarily tourism driven revenues such as hotel occupancy taxes and event revenues at the City's Convention Center, were \$6.5M lower than budgeted. To address the revenue losses in this fund, the City suspended payments to the Arlington Convention and Visitors Bureau in FY 2020 and FY 2021. Additionally, revenues in FY 2021 were not sufficient to balance the fund. As a result, the City Council approved a plan to use \$4,227,684 in SLFRF in the Convention & Event Services Fund's appropriations to provide an additional \$2,500,000 of support for the City's Convention and Visitors Bureau and to help cover an operating revenue shortfall in the fund of \$1,800,346.

Street Maintenance Fund

The Street Maintenance Fund primarily receives its revenues through a ¼ cent sales and use tax specifically approved by the voters for street maintenance. FY 2021 sales taxes in this fund were estimated to be \$1,647,248 below FY 2019 actuals. The City plans to use that amount in SLFRF in the Street Maintenance Fund which will be spent on street and sidewalk maintenance and repair.

The table below summarizes the City's plan to use SLFRF before the end of the fiscal year, September 30, 2021. All funds will fall under the Revenue Replacement expenditure category EC6.

Fund	Amount
General Fund	\$6,100,000
Convention and Event Services Fund	\$4,227,684
Street Maintenance Fund	\$1,647,248
Total	\$11,974,932

The table below summarizes the City's plan to use SLFRF before the end of the fiscal year, September 30, 2022. All items for FY22 are programmed in the General Fund. All funds will fall under the Revenue Replacement expenditure category EC6.

Project	Amount
Fund Previously Frozen Positions	\$3,639,521
Restore FY 2021 Budget Cuts	\$3,571,108
FY 2022 New Spend	\$12,520,373
Total	\$19,731,002

The table below summarizes the City's plan to use SLFRF before the end of the fiscal year, September 30, 2023. Funding of previously frozen positions and new spending projects are all programmed in the General Fund. Water infrastructure projects are programmed in the Water Fund. Water projects will fall under the Water Infrastructure expenditure category EC5 while all General Fund projects will fall under the Revenue Replacement expenditure category EC6.

Project	Amount
Fund Previously Frozen Positions	\$4,087,612
FY 2023 New Spend	\$6,935,844

General Overview

Water Infrastructure Investments	\$22,700,000
Total	\$33,723,456

The table below summarizes the City's plan to use SLFRF before the end of the fiscal year, September 30, 2024. New spending projects are all programmed in the General Fund. Water infrastructure projects are programmed in the Water Fund. Water projects will fall under the Water Infrastructure expenditure category EC5 while all General Fund projects will fall under the Revenue Replacement expenditure category EC6.

Project	Amount
FY 2024 New Spend	\$7,900,000
Water Infrastructure Investments	\$4,300,000
Total	\$12,200,000

The table below summarizes the City's plan to use SLFRF before the end of the fiscal year, September 30, 2025. New spending projects are all programmed in the General Fund. Water infrastructure projects are programmed in the Water Fund. Water projects will fall under the Water Infrastructure expenditure category EC5 while all General Fund projects will fall under the Revenue Replacement expenditure category EC6.

Project	Amount
FY 2025 New Spend	\$3,869,319
Total	\$3,869,319

Promoting Equitable Outcomes

The spending plan for the SLFRF awarded to the City of Arlington is limited to the Water Infrastructure expenditure category EC5 and Revenue Replacement expenditure category EC6. As described in the Uses of Funds section, in the current reporting period the City of Arlington plans to focus SLFRF on recovery and restoration of the significant expenditure cuts taken at the onset of the pandemic in 2020. As a result, the funds used in this period are focused on expenditures that are stimulative in nature, such as employee compensation, creating City jobs, promoting tourism and street maintenance.

In FY 2022 City used the SLFRF funds on further restoring City budget cuts taken during the pandemic and investing in public safety. This will allow Arlington to use its existing, recurring funding on programs that provide and expand services in a fair and equitable manner to all citizens. For example, in FY 2022 the City was able to support the following programs:

Public Transportation – Considerable investment is included in the FY 2022 budget for the City's on-demand public transit service, VIA Rideshare. Arlington and Via launched Via Rideshare on a limited basis in 2017, becoming one of the first cities in the country to use on-demand technology as their primary public transportation solution to expand access to affordable, efficient, and convenient transit solutions. VIA is a public-private partnership that offers customers a flat fee per trip (\$3 to \$5 per trip depending on miles traveled) unlike traditional ride-hailing services, which charge for mileage or other factors. Services like Via Rideshare represent an opportunity to introduce equitable and flexible public transportation offerings that can fill the gaps where transportation is needed most to serve the community. In FY 2022, the increased funding meant that VIA was able to reach all neighborhoods, shopping centers, offices, restaurants, medical facilities, and other key destinations across the City. These items were able to be fully funded with City funding in the FY 2023 budget.

Fire Light Response Vehicle Squad Conversions – Fire Department workload in Arlington is shifting in focus from fire suppression to health-related incidents and increasing EMS service demand. Demand for EMS services is rising, particularly in the Central District which is an older and sometimes

General Overview

underserved area of the City. The FY 2022 budget added 39 new firefighter positions that will convert 5 part-time rescue units to 24-hour squad units in light response vehicles which will allow Arlington to increase response capacity and improve response times to underserved areas of the City. Funding for this program is provided via SLFRF funds for FY 2023.

Social Equity funding in Parks and Recreation – For the past several years, Arlington has been gradually investing in a more permanent solution to address social equity, ensuring that all Arlington citizens have access to the benefits of local parks and recreation. Social equity, along with Health & Wellness and Conservation make up the three pillars of the National Recreation and Park Association. Inherent in a public parks and recreation agency is the ideal that base services should be available to the general public regardless of financial resources. A majority of our low-income residents do not have the ability to access our programs due to the cost recovery structure that currently guides our business. Award of ongoing funding would free up resources to be able to adjust fees and develop sliding scale fees for underserved populations. In FY 2022, a significant ongoing investment was made towards this program, essentially accelerating and fully funding what was initially intended to be a five-year gradual increase in support. These items were able to be fully funded with City funding in the FY 2023 budget.

Additional items funded in the FY 2022 budget that impact underserved communities and enhance equity include increased spending on playground equipment, library books and materials, and staffing for communicating with citizens. Funding for these items and all the programs described above would not have been possible if the City did not have the SLFRF award available to restore the budget and service reductions that were taken in response to the pandemic and its impact on the economy.

New for FY 2023 was the City's investments in Water Infrastructure. In FY 2023 the City was able to program \$22.7 Million to assist in the rehabilitation of the Pierce-Burch Water Treatment plant which is more than 50 years old at the time of this report. Thanks in part to the SLFRF funds the City has been able to make significant investments in the quality of services resulting in transformative outcomes for the residents of Arlington as well as the millions of annual visitors. This investment has played a crucial role in the implementation of advanced water treatment technologies, reducing contaminants and ensuring that every resident, regardless of their socio-economic background, enjoys access to clean and safe drinking water. Additionally, this project is the first major capital improvement project to be put out for bid under Arlington's recently adopted Minority/Women Business Enterprise policy. In FY 2024, the City was able to program an additional \$4.3M to assist in water transmission line replacement to improve the quality and service of providing clean water to the City's residents.

Community Engagement

During this initial phase, community engagement for the use of funds in the revenue replacement expenditure category has been solicited as part of the annual budget process. The City is inviting input from the public in the form of three "Town Hall" style meetings, two of which will be in-person meetings open to the public at City facilities. The third town hall will be a "Tele-Town Hall" which will allow those that are unable or unwilling to attend an in-person event to provide input as well. Additionally, a Public Hearing on the proposed budget is scheduled with City Council prior to their final vote on the budget.

Labor Practices

The Pierce-Burch Water Treatment Plan project is fully compliant with the Davis Bacon Act.

General Overview

Use of Evidence

As part of regular reporting and operations, the City of Arlington develops and reports on an annual Business Plan to highlight specific projects and activities directly reflected in the City's Budget. These projects are determined by departments and the City Manager's Office, approved funding requests, and City Council priorities. The Business Plan runs on a fiscal year, beginning October 1st and ending September 30th of the following year.

Each year, the Arlington City Council has a retreat to strategize on priorities for the next fiscal year based on needs within the community. These needs are determined by various means including citizen satisfaction ratings, feedback from residents and businesses, and development trends. Once Council establishes their priorities for the following year, the City as an organization develops the Budget and Business Plan to address the adopted priorities.

For FY 2025, those priorities are:

- Build Unity
- Champion Great Neighborhoods
- Enhance Regional Mobility
- Invest in Our Economy
- Leverage Technology
- Support Youth and Families

In addition to the priorities, the City has four core service areas represented in the Business Plan:

- Culture/Education/Recreation
- Financial/Economic Development
- Infrastructure
- Public Safety

The Business Plan Projects are represented by departments in the ten categories defined above. All projects theoretically could be represented in the core service areas because all core services are represented. However, projects related directly to a Council priority are elevated to reflect the respective priority.

Scorecards for the Council priorities and the core service areas have been developed to represent the day-to-day business operations in departments. The performance measures are represented on scorecards in the back of each section in the project portion of the Business Plan.

The City of Arlington's FY 2025 Business Plan and Scorecards are included as Appendix 1 in this document.

General Overview

Table of Expenses by Expenditure Category

As discussed in the “uses of funds” section, in June of 2021 Arlington City Council approved the City to use \$11,974,932 of the SLFRF award which was completed in September of 2021. For FY2022 the Arlington City Council approved the City to use \$19,731,002 of the SLFRF award. For the current reporting period (July 1, 2022 – June 30, 2023) the City of Arlington has obligated \$55,610,542.83 and expended \$52,207,341.93. 38% of expenses so far have been for EC5 while 62% have been for EC6

Category		Cumulative expenditures to date (\$)	Amount spent since last Recovery Plan
1	Expenditure Category: Public Health		
1.1	COVID-19 Vaccination		
1.2	COVID-19 Testing

7.4	Transfers to Nonentitlement Units (States and Territories only)		

Project Inventory

For the current reporting period of this report, \$81,498,709 has been obligated and of that \$81,493,067.56 has been expended in SLFRF funds in the Water Infrastructure expenditure category EC5 and Revenue Replacement expenditure category EC6 as follows:

General Fund

The City added \$6,100,000 to the General Fund's appropriations to address the employee compensation adjustments that were suspended in April of 2020 as well as to lift the hiring freeze that was put into place at the outset of the pandemic in spring of 2020. The funding supported a 2 percent one-time payment to employees to address the compensation increase that was forgone up until that point, as well as a 2 percent recurring compensation increase to restore the raise going forward. The raise and the one-time payment were given effective June 14, 2021. Additionally, the funding was used to lift the hiring freeze that was put into place at the outset of the pandemic in the spring of 2020.

For FY 2022, the City added \$19,731,002 to the General Fund's appropriations. The funding for FY 22 falls into 3 separate projects. The City budgeted \$3,639,521 to restore funding for positions in the General Fund which were previously frozen at the outset of the pandemic. The City also budgeted \$3,571,108 to restore funding for non-personnel related expenses which were cut at the outset of the pandemic. Additionally, the City approved \$12,520,373 in funding for new investments in government services which otherwise would have been approved had the City not experienced a revenue loss due to the pandemic.

For FY 2023, the City added \$11,023,456 to the General Fund's appropriations. The funding for FY 23 falls into 2 separate projects. The City budgeted an additional \$6,935,844 to continue funding new investments in government services which have yet to folded into annual appropriations and are still grant funded. Additionally, the City budgeted an additional \$4,087,612 to continue to fund positions which were previously frozen at the outset of the pandemic.

For FY 2024, position's that had been previously frozen during the economic downturn were returned to the General Fund for FY 2024. Newly funded programs in FY22 were once again programmed using SLFRF funds for FY24 and will be programmed back into the General Fund as the City's economic position continues to improve. The total use of SLFRF funds for FY 2024 in this area total \$7.9M and will fall under the Revenue Replacement expenditure category (EC6) of the SLFRF guidelines.

In FY 2025 the City shifted funding for newly created positions which were initially funded via the SLFRF funding have been moved into the General Fund in FY 2025. All expenses will be completed prior to the established grant deadlines.

Convention and Event Services Fund

In FY 2020 revenues in the Convention and Event Services Fund, which are primarily tourism driven revenues such as hotel occupancy taxes and event revenues at the City's Convention Center, were \$6.5M lower than budgeted. To address the revenue losses in this fund, the City suspended payments to the Arlington Convention and Visitors Bureau in FY 2020 and FY 2021. Additionally, revenues in FY 2021 were not sufficient to balance the fund. As a result, the City Council approved the use of \$4,227,684 in SLFRF to be added to the Convention & Event Services Fund's appropriations to provide an additional \$2,500,000 of support for the City's Convention and Visitors Bureau and to cover an operating revenue shortfall in the fund of \$1,800,346.

Project Inventory

Street Maintenance Fund

The Street Maintenance Fund primarily receives its revenues through a ¼ cent sales and use tax specifically approved by the voters for street maintenance. FY 2021 Sales taxes in this fund were estimated to be \$1,647,248 below FY 2019 actuals. This amount was budgeted and reprogrammed into the Street Maintenance Fund and will be spent on street and sidewalk maintenance and repair.

Water Utilities Fund

In the 4th Quarter of FY 2023 after the last annual report the City programmed \$2.7M for the second phase of SLFRF funding which is intended to assist in the rehabilitation of the Pierce-Burch Water Treatment Plant. In FY 2024 an additional \$4.3M was programmed to assist in the replacement of Water transmission lines in the City of Arlington. Expenditures in this fund will fall under the Water Infrastructure expenditure category (EC5) of the SLFRF guidelines.

Project Overview

The Treasury Department's Final Rule gives recipients broad latitude to use funds for the provision of government services to the extent of reduction in revenue. As such, project numbers are included below for tracking purposes, however pending final guidance from the Treasury Department expenditures in this category may not need project inventory numbers in regard to revenue replacement items.

Project Item 1: Restore Employee Compensation

Funding amount: \$4,150,940

Project Expenditure Category: EC6.1, Revenue Replacement, Provision of Government Services

Project overview

- The City added \$4,150,940 to the General Fund's appropriations to address the employee compensation adjustments that were suspended in April of 2020. The funding supported a 2 percent one-time payment to employees to address the compensation increase that was forgone up until that point, as well as a 2 percent recurring compensation increase to restore the raise going forward. The raise and the one-time payment were given effective June 14, 2021.

Use of Evidence

- Initial spending of SLFRF funds by the City of Arlington is limited to the Revenue Replacement expenditure category EC6, which allows for the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency. Treasury's final rule gives recipients broad latitude to use funds for the provision of government services, to the extent of this reduction in revenue.

Project Item 2: Lift hiring freeze

Funding amount: \$1,949,060

Project Expenditure Category: EC6.1, Revenue Replacement, Provision of Government Services

Project overview

- The City added \$1,949,160 to the General Fund's appropriations to lift the hiring freeze that was put into place at the outset of the pandemic in spring of 2020.

Project Inventory

Use of Evidence

- Initial spending of SLFRF funds by the City of Arlington is limited to the Revenue Replacement expenditure category EC6, which allows for the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency. Treasury's final rule gives recipients broad latitude to use funds for the provision of government services, to the extent of this reduction in revenue.

Project Item 3: Convention and Event Services Fund, Restoring Revenue Shortfall

Funding amount: \$4,227,684

Project Expenditure Category: EC6.1, Revenue Replacement, Provision of Government Services

Project overview

- In FY 2020 revenues in the Convention and Event Services Fund, which are primarily tourism driven revenues such as hotel occupancy taxes and event revenues at the City's Convention Center, were \$6.5M lower than budgeted. To address the revenue losses in this fund, the City suspended payments to the Arlington Convention and Visitors Bureau in FY 2020 and FY 2021. Additionally, revenues in FY 2021 were not sufficient to balance the fund. As a result, the City Council approved the use of \$4,227,684 in SLFRF to be added to the Convention & Event Services Fund's appropriations to provide an additional \$2,500,000 of support for the City's Convention and Visitors Bureau, \$1,403,809 to support the City's radio lease payment which is partially funded in the Convention and Event Services Fund, and \$323,875 to support Convention and Event Services employee salaries.

Use of Evidence

- Initial spending of SLFRF funds by the City of Arlington is limited to the Revenue Replacement expenditure category EC6, which allows for the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency. Treasury's final rule gives recipients broad latitude to use funds for the provision of government services, to the extent of this reduction in revenue.

Project Item 4: Street Maintenance Fund, Restoring Revenue Shortfall

Funding amount: \$1,647,248

Project Expenditure Category: EC6.1, Revenue Replacement, Provision of Government Services

Project overview

- The Street Maintenance Fund primarily receives its revenues through a ¼ cent sales and use tax specifically approved by the voters for street maintenance. FY 2021 Sales taxes in this fund were estimated to be \$1,647,248 below FY 2019 actuals. This amount was budgeted and reprogrammed into the Street Maintenance Fund and will be spent on street and sidewalk maintenance and repair.

Use of Evidence

- Initial spending of SLFRF funds by the City of Arlington is limited to the Revenue Replacement expenditure category EC6, which allows for the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency. Treasury's final rule gives recipients broad latitude to use funds for the provision of government services, to the extent of this reduction in revenue.

Project Inventory

Project Item 5: Restore funding for frozen positions

Funding amount: \$7,727,133

Project Expenditure Category: EC6.1, Revenue Replacement, Provision of Government Services

Project overview

- The City programmed \$3,639,521 to fund positions which were frozen at the outset of the pandemic in early 2020 for FY2022.
- The City is programming an additional \$4,087,612 to fund positions which were frozen at the outset of the pandemic in early 2022 for FY 2023

Use of Evidence

- Initial spending of SLFRF funds by the City of Arlington is limited to the Revenue Replacement expenditure category EC6, which allows for the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency. Treasury's final rule gives recipients broad latitude to use funds for the provision of government services, to the extent of this reduction in revenue.

Project Item 6: Restore budget cuts

Funding amount: \$3,571,108

Project Expenditure Category: EC6.1, Revenue Replacement, Provision of Government Services

Project overview

- The City programmed \$3,571,108 to restore funding for non-personnel items which were cut due to lost revenue as a result of the economic downturn from the pandemic.

Use of Evidence

- Initial spending of SLFRF funds by the City of Arlington is limited to the Revenue Replacement expenditure category EC6, which allows for the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency. Treasury's final rule gives recipients broad latitude to use funds for the provision of government services, to the extent of this reduction in revenue.

Project Item 7: FY22 New Programs

Funding amount: \$31,880,464

Project Expenditure Category: EC6.1, Revenue Replacement, Provision of Government Services

Project overview

- The City programmed \$12,520,373 to fund new investments in government services which otherwise would have been approved had the City not experienced a revenue loss due to the pandemic in FY 2022.
- The City programmed an additional \$6,935,844 to fund new investments in government services which otherwise would have been approved had the City not experienced a revenue loss due to the pandemic in FY 2023.
- The City programmed an additional \$8,284,484 to fund new investments in government services which otherwise would not been approved had the City not experienced a revenue loss due to the pandemic in FY 2024.

Project Inventory

- The City programmed an additional \$4,139,763 to fund new investments in government services which otherwise would not been approved had the City not experienced a revenue loss due to the pandemic in FY 2024.

Use of Evidence

- Initial spending of SLFRF funds by the City of Arlington is limited to the Revenue Replacement expenditure category EC6, which allows for the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency. Treasury's final rule gives recipients broad latitude to use funds for the provision of government services, to the extent of this reduction in revenue.

Project Item 8: Pierce-Burch Water Treatment Plan

Funding amount: \$23,706,626.97

Project Expenditure Category: EC5.10, Drinking Water: Treatment

Project overview

- The City has programmed \$23,706,626.97 to fund assist in funding the construction costs for the Pierce-Burch Water Treatment Plant. Use of Evidence
 - The water treatment plan is 50 years old and can produce 75 million gallons of clean drinking water a day. Construction began in late 2021 and will continue for 4 years. It will replace chemical feed facilitates used during the water treatment process, new concrete structures called clear wells which store the water, and high service pumps used to send water to homes and businesses. Additionally, this is the first large capital project to be bid under the City's revised MWBE policies intended to increase minority and women owned business participation in City contracts.

Project Item 9: Water Transmission Line Replacement

Funding amount: \$3,893,373.03

Project Expenditure Category: EC5.1, Drinking Water: Transmission & Distribution

Project overview

- The City programmed \$3,893,373.03 to fund assist in funding the construction costs for the Pierce-Burch Water Treatment Plant. Use of Evidence
 - The City aims to provide clean drinking water to all of it's residents and is programing the funds to replace transmission lines in Central Arlington which serve thousands of residents.

Ineligible Activities**Ineligible Activities: Tax Offset Provision (States and territories only)**

For the initial reporting year, States and territories will report the following items related to the Tax Offset Provision 31 CFR 35.8. Baseline revenue or revenue-increasing covered charges are not required at this time.

BU 1.4.2	Unity Council Recommendations – Police Department Recommendations		Police
<p><u>Summary:</u></p> <p>Improve Transparency The Police Annual Report is delivered to the City Council annually as a step towards a transparent implementation process. We also share this information with the public in other ways such as through social media and published stories in the Star Telegram. Progress on updates will also be shared with the Unity Council at its meetings. The City welcomes feedback from the public as it works to implement the recommendations of the Unity Council. The department also continues to push for transparency through releasing public reports that demonstrate a high amount of value for residents and business owners.</p> <p>Pairing of Officers with members of the community from another race The Police Department strives to recruit diverse officers to serve in field training roles. This commitment to diversifying training options for field training officers will continue. More importantly, cultural diversity and relational policing priorities will be developed in officers who serve the community. Newly hired officers participate in community projects throughout their academy instruction experience. Upon graduation, they are assigned to field training. As an update to the department's field training program, the department will look for ways to have recruit officers and their training officers participate in more community events, visit stores, and restaurants in the beat areas that they will be assigned in order to develop deeper relationships with community members and businesses.</p> <p>Enhance Community Policing The department regularly attends events in the community, and they are highlighted weekly with calendar invites so officers and leaders attend various community events. Newly hired officers participate in community projects throughout their academy instruction experience. Upon graduation, they are assigned to field training. As a revamp to the department's field training program, the department will look for ways to have recruit officers and their training officers participate in more community events, visit stores, and restaurants in the beat areas that they will be assigned to develop deeper relationships with community members and businesses. We have added community contact mark outs to the dispatch system to track</p>			

officer activity. We are also re-emphasizing the Community Service Award Bar.

BU 1.5.1	Diversity Audit – Library Collection		Library
Summary:		Timeline:	
As part of the library’s continued commitment to fostering an inclusive and representative collection for Arlington patrons, a diversity audit will be conducted on a sampling of the juvenile fiction section. This project will include a comprehensive review of the existing library collection and analysis of new and incoming materials. The pilot project goal is to establish the framework and audit criteria to assess the representation of diverse characters and narratives within the current library collection available for public use. The findings from this pilot and subsequent full audit will not only inform but shape the department’s future collection development strategies, ensuring the library collection better reflects the diverse backgrounds and experiences of the community.		1 st Quarter: Complete analysis of current usage and loss data for the existing collection and publishing trends. 2 nd Quarter: Complete analysis of strength and weakness in the current library collection. 3 rd Quarter: Complete analysis of community demographics and establish audit methodology and determine the representative sampling that will be used for the diversity audit. 4 th Quarter: Conduct the audit on the defined sampling and synthesize the results to identify gaps within the collection and insight into acquisitions of library materials and develop strategies.

CGN 1.1.3	Form-Based Code	Project Completion	Planning & Development Services																																										
<p><u>Summary:</u></p> <p>At the October 25, 2023, City Council Work Session, Council directed staff to move forward with the development of a form-based code (FBC). Form-based codes are an alternative to conventional zoning and foster predictable built results and a high-quality public realm by using physical form (rather than separation of uses) as the organizing principle for the code. This code would be adopted into the UDC and be a mandatory code.</p> <p>This consultant developed FBC will provide a planning platform for development and redevelopment of the area in historical urban form. It will replace existing zoning districts. It will establish a precedent – a model – for Arlington moving forward to rebuild inefficient, unwalkable, single-use blocks and streets.</p> <p>The FBC consultant, working with City’s FBC staff, will perform the initial review and analysis of the area and conduct a healthy public design process to include public workshops and/or design charrettes. The consultant will develop a code to ensure and regulate high quality public spaces defined by a variety of building types – including housing, retail, office space, and recreational/green space. The new code will incorporate a regulating plan, building form standards, street standards (plan and section), use regulations as needed, descriptive building or lot types, and other elements needed to implement the principals of functional and vital urbanism.</p>		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Actual Completion</th></tr><tr><td>RFP Released</td><td>May 2024</td><td></td></tr><tr><td>RFP closes</td><td>June 2024</td><td></td></tr><tr><td>Contract signed</td><td>Aug. 2024</td><td></td></tr><tr><td>Scoping commences</td><td>Sept. 2024</td><td></td></tr><tr><td>Public Engagement/ Charettes begin</td><td>Oct. 2024</td><td></td></tr><tr><td>1st Draft FBC begins</td><td>Feb.-Apr. 2025</td><td></td></tr><tr><td>Continue Public Outreach</td><td>Feb.-June 2025</td><td></td></tr><tr><td>P&Z and CC Work Sessions</td><td>Apr. 2025</td><td></td></tr><tr><td>Finalize FBC</td><td>June 2025</td><td></td></tr><tr><td>P&Z Work Session(s)</td><td>July 2025</td><td></td></tr><tr><td>CC Work Session(s)</td><td>Aug. 2025</td><td></td></tr><tr><td>Adopt FBC</td><td>Sept.-Oct. 2025</td><td></td></tr><tr><td>Begin implementation of FBC</td><td>Oct.-Dec. 2025</td><td></td></tr></table>		Milestone	Estimated Completion	Actual Completion	RFP Released	May 2024		RFP closes	June 2024		Contract signed	Aug. 2024		Scoping commences	Sept. 2024		Public Engagement/ Charettes begin	Oct. 2024		1 st Draft FBC begins	Feb.-Apr. 2025		Continue Public Outreach	Feb.-June 2025		P&Z and CC Work Sessions	Apr. 2025		Finalize FBC	June 2025		P&Z Work Session(s)	July 2025		CC Work Session(s)	Aug. 2025		Adopt FBC	Sept.-Oct. 2025		Begin implementation of FBC	Oct.-Dec. 2025

CGN 1.1.4	Comprehensive Plan Update	Project Completion	Planning & Development Services																																	
<u>Summary:</u> The Comprehensive Plan, sometimes also referred to as a comp plan, master plan or a general plan, is the foundational document of long-term planning and zoning in Arlington. The existing Comprehensive Plan (99 Square Miles) was adopted in 2015 but started years before. Best planning practices tell us any comprehensive plan over five years old should be reviewed and revised at least to update the demographic information, which could affect projections of population, employment, land use, and traffic. Significant changes in zoning and land use influence other land uses, transportation networks, and public facilities and should be incorporated into the comprehensive plan. The most important function of a Comprehensive Plan is to serve as the resource manual to assist in the evaluation of land use-related requests and the provision of design recommendations for various types of development. It establishes standards against which all land use decisions in the City should be evaluated. Communities that consistently make land use decisions based on their comprehensive plan reduce their exposure to legal action, increase their opportunity to save money and improve the quality and compatibility of new development. A well-crafted comprehensive plan: <ul style="list-style-type: none">• Allows a community to be proactive regarding development trends, issues, and changes that arise over time.• Allows the community to identify factors influencing and shaping the community and consider how competing interests can be balanced and harmonious.• Provides guidance for orderly growth, development, and the physical appearance of the community.• Provides an opportunity to think wholistically, especially regarding growth, utilities, community services and transportation.		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Actual Completion</th></tr><tr><td>City Council contract approval</td><td>Oct. 2024</td><td></td></tr><tr><td>Steering Committee Meetings begin</td><td>Oct. 2024</td><td></td></tr><tr><td>Scoping Meetings with Consultant;</td><td>Nov.-Dec. 2025</td><td></td></tr><tr><td>Internal Stakeholder meetings commence</td><td>Jan. 2025</td><td></td></tr><tr><td>External Public Education and Engagement (ongoing process)</td><td>Jan. 2025-Mar. 2026</td><td></td></tr><tr><td>Begin development of draft plan</td><td>May 2025</td><td></td></tr><tr><td>P&Z Review and Comment</td><td>Mar. 2026</td><td></td></tr><tr><td>City Council Review and Comment</td><td>June 2026</td><td></td></tr><tr><td>Finalize Comp Plan</td><td>Aug. 2026</td><td></td></tr><tr><td>Adoption of Comp Plan</td><td>Oct. 2026</td><td></td></tr></table> In October 2023, staff presented an overview to the City Council at their bi-annual retreat. CGN 1.1.5	Homeless Encampment Coordinator	Encampments Inspected	Code Compliance Services															
<u>Summary:</u> City Council approved a Code Compliance Homeless Encampment Coordinator position in FY 2024 with the objective to inspect, enforce, track, and abate homeless encampments located on public and private property. The Homeless Encampment Coordinator will collaborate with other City Departments such as Police, Public Works, and Parks & Recreation to review reported locations to assist unauthorized occupants, determine scope of cleanup, contact ownership, and schedule abatements. Additionally, the position will work with property owners to help deter recurring encampments by periodically inspecting locations that have been previously worked.		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Percent Complete</th></tr><tr><td>Combine Code Complaint List with HEART Complaint List</td><td>09/30/2025</td><td></td></tr><tr><td>Create SOP for code district officer reporting</td><td>09/30/2025</td><td></td></tr><tr><td>Create map for internal use that shows active encampment locations</td><td>09/30/2025</td><td></td></tr><tr><td>Attend four community events or meetings</td><td>09/30/2025</td><td></td></tr></table> <div><p>Number of Inspections</p><div><div>25</div><div>20</div><div>15</div><div>10</div><div>5</div><div>-</div></div><div><div>1st Qtr</div><div>2nd Qtr</div><div>3rd Qtr</div><div>4th Qtr</div></div></div>		Milestone	Estimated Completion	Percent Complete	Combine Code Complaint List with HEART Complaint List	09/30/2025		Create SOP for code district officer reporting	09/30/2025		Create map for internal use that shows active encampment locations	09/30/2025		Attend four community events or meetings	09/30/2025

CGN 2.1.2	Reuniting Families	- Reach 35% overall return-to-owner outcomes of stray animals - Increase live release rate	Code Compliance Services																		
Summary: When stray animals are reported to Arlington Animal Services, the primary goal of both Animal Services Officers and shelter operations staff is to reunite lost animals with their families, therefore supporting the families and the animal-human bond, creating a safer, more responsible pet community. Arlington Animal Services seeks to increase the percentage of animals returned to their owners from 21% of stray intakes to 35% of stray intakes by utilizing the community, GIS Mapping, and safety net programs. Currently, the average return-to-owner rate is 27% while the average live release rate is 82%.		**Return-to-Owner Rate - Stray Animals**	Fiscal Year	Return-to-Owner Rate (%)		-------------	--------------------------		FY 2021	16%		FY 2022	20%		FY 2023	22%		FY 2024	27%

CGN 2.1.4	Community Resources	Resource Engagement	Housing
<u>Summary:</u> The Housing Choice Voucher Program (HCV) is comprised of elderly, disabled and low-income households. Participating families receive assistance to afford decent and safe housing but have other needs as well. To help meet these needs, Housing will host voluntary resource engagement sessions focusing on economic empowerment, educational advancement, health and wellness, and character and leadership. These sessions will be hosted by Housing who will coordinate with other providers in our community to make the resources accessible to the families we serve. The goal is to host quarterly resource events, open to families assisted through the Housing Choice Voucher and all Housing programs.

CGN 2.2.1	Park Improvement Projects	Overall Satisfaction with Programs and Facilities	Parks & Recreation																																				
Summary:																																							
Julia Burgen Park Trail – UTA Connection There is an existing 1.06 miles of trail currently in Julia Burgen Park. This project involves adding approximately .3 miles of concrete trail that will provide a connection from the existing trail to the on-street bike path along Pecan Street, ultimately linking to the UTA campus. Construction on this project is anticipated to begin in late summer/early fall 2023.																																							
River Legacy Park Trail Replacement – Phase I/II: Realignment of approximately 2.4 miles of 12-ft. wide concrete trail due to river encroachment. The project includes the preparation of bid documents and the construction of a new trail. Plans are finalized and construction is anticipated to begin in summer 2023.																																							
River Legacy Park Trail West Connection Extension of 12-ft. concrete trail westward to meet Fort Worth’s Trinity Trail system. The project includes the preparation of bid documents and the construction of a new trail linking our two trail systems.																																							
Richard Simpson Park Improvements – Phase II: Additional improvements at Richard Simpson Park. The master plan calls for a nature play area, fitness stations, additional parking, a scenic outlook, floating public safety boat dock and fishing pier. The project includes the preparation of bid documents and the construction of new improvements.																																							
High Oak Park – Phase II: High Oak Park was originally dedicated in November 2014 with modest amenities, including a walking path. Phase II is funded through the 2018 bond and will include a much needed playground and enhance current amenities.																																							
Arlington Tennis Center: Our National Tennis Association award-winning Tennis Center has hosted many high school and collegiate events, as well as a Rafael Nadal camp. The aging complex is lacking much needed infrastructure, including restrooms, roofing and HVAC systems. This renovation project will address those basic needs for the ATC to continue to grow.

CGN 2.2.2	Adopt-a-Spot Program	Tracking of Implementation and utilization of program	Parks & Recreation

Summary:

The Adopt-a-Spot Program will operate as a community-driven initiative focused on improving the cleanliness and aesthetics of public spaces. Participants will have the opportunity to adopt a specific area, such as a park, street or waterfront, and take responsibility for its upkeep through regular litter cleanups, landscaping and beautification projects.

The Adopt-a-Spot Program offers three distinct ways for the community to get involved and make an impact on their local environment. These three engagement options cater to various preferences and capacities within the community.

- First, individuals, families, businesses or groups can participate in volunteer clean-up efforts. This option entails a two-year commitment, with required monthly clean-ups during the off-peak season from October to April.
- Secondly, for areas with high traffic or large spaces where volunteer efforts may be insufficient, there's the opportunity to write a check to sponsor contracted professional litter pick-up services.
- Finally, community members can opt for landscape bed installation, committing to a two-year period for both installation and maintenance. This option includes the installation of shrubs, perennials, flowering plants, a chopped stone border and mulch.

Core CRE	Invasive Plant Species Removal Initiative	<ul style="list-style-type: none"> • Acres cleared • Rate of Success 	Parks & Recreation

Appendix

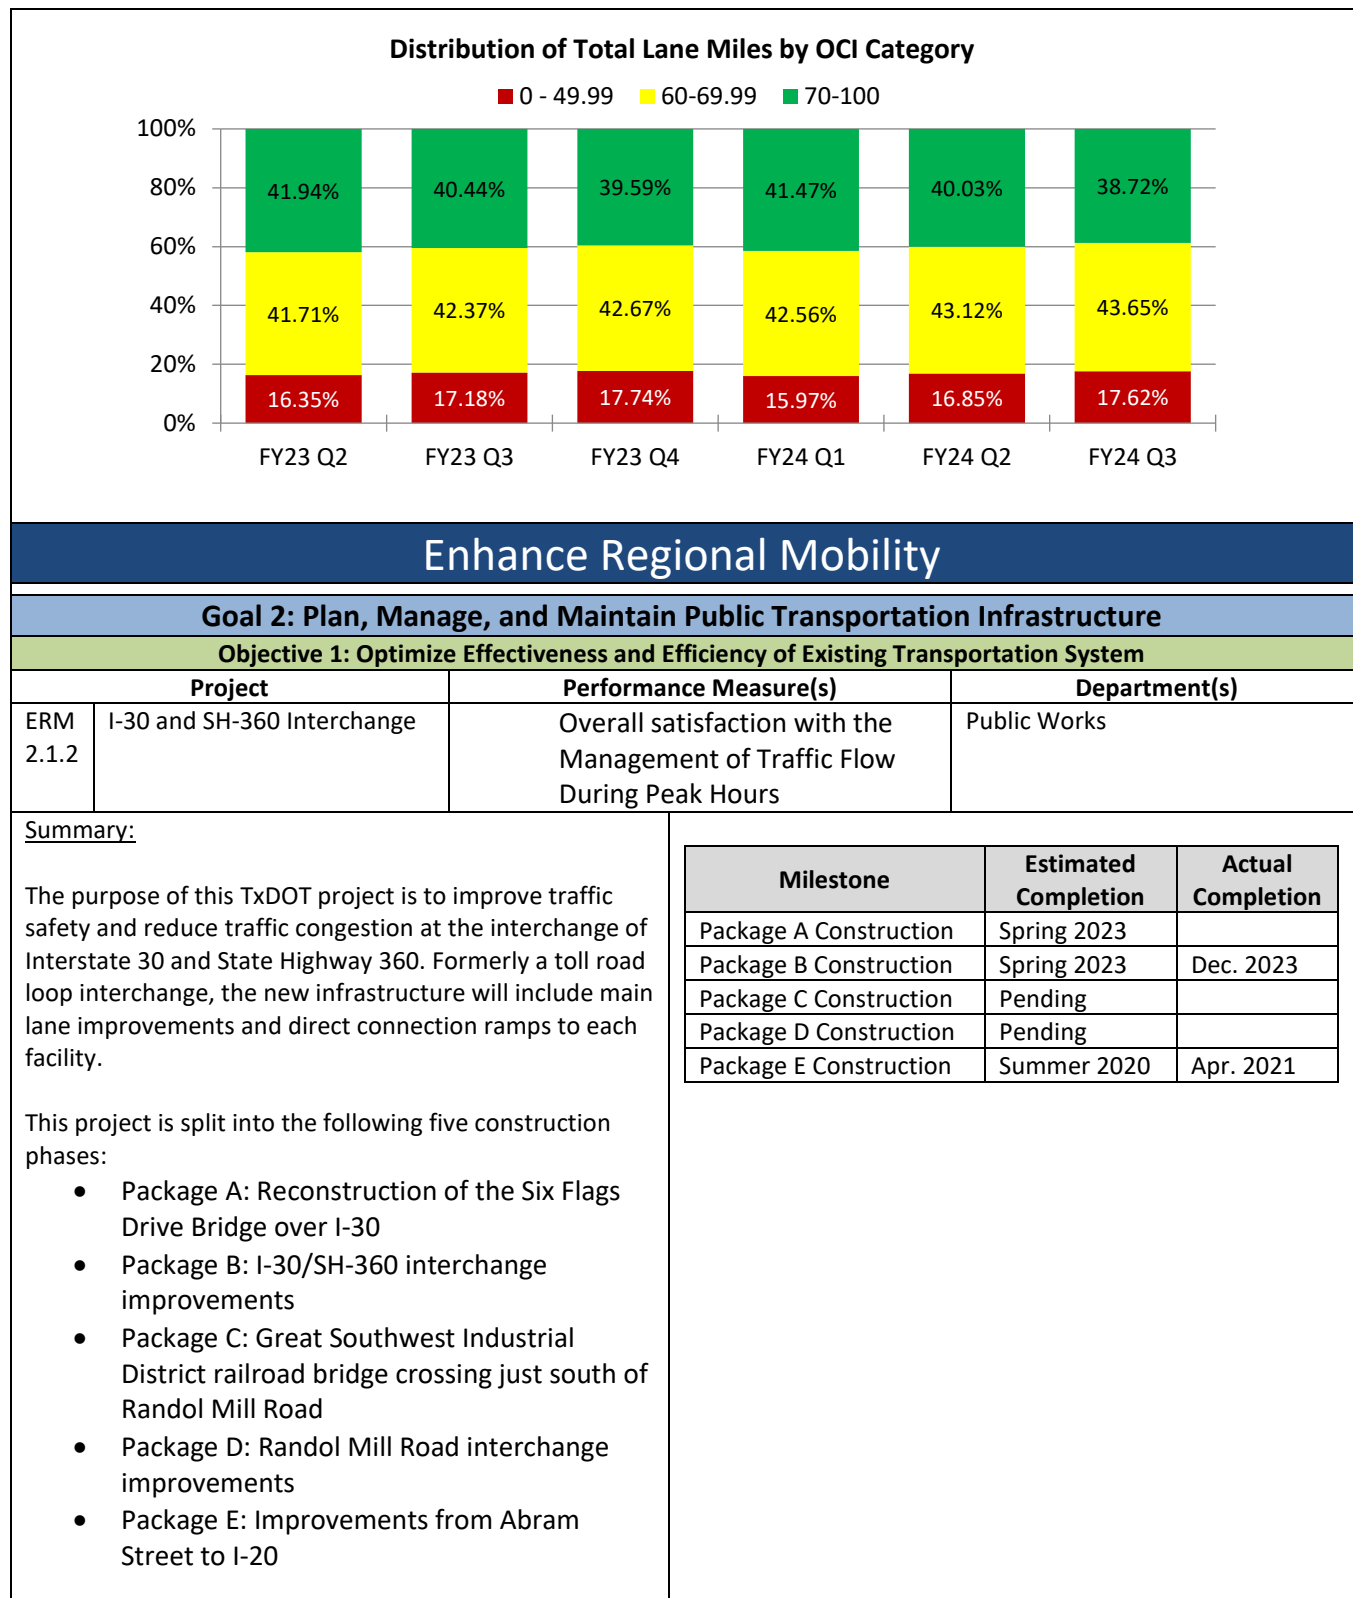

2.2.1	<ul style="list-style-type: none"> Overall Satisfaction of Eradication 										
<p><u>Summary:</u></p> <p>Organic invasive plant material, mainly Chinese Privet (<i>Ligustrum Sinense</i>), is prevalent on hundreds of acres within the park system. Left unaddressed, invasive species such as this will eventually overtake native plants and trees, and create detrimental effects to biodiversity and forest health.</p> <p>Eradication of invasive plant material can be very difficult, time-consuming and expensive. The Parks and Recreation Department is tackling these efforts in various manners. The utilization of equipment for mechanical removal has been the primary method employed to date. This method is very costly and takes multiple applications over a multi-year period. This consists of initial removal with heavy machinery, then subsequent mow cycles every 12-18 months. This along with targeted herbicides has had moderate success.</p> <p>Recently, Parks and Recreation has utilized grant funding and employed the use of goats to remove invasives organically. The goats eat the vegetation, that spreads the plant and destroys the shoots, which makes it difficult for them to survive. This method is also a multi-year effort, with early signs of success. The advantages to the goat method are restoring strong nutrient-based soils, accessing areas mechanical methods cannot and curtailing the use of herbicides.</p>

Enhance Regional Mobility																		
Goal 1: Explore Creative Alternative Transportation Opportunities																		
Objective 1: Promote Regional Connectivity																		
Project		Performance Measure(s)	Department(s)															
ERM 1.1.1	RAPID On-Demand Autonomous Vehicle Pilot	Trips Completed	Transportation															
<u>Summary:</u> <p>This item supports the Council's "Enhancing Regional Mobility" priority by improving access within Arlington while complementing the Arlington On-Demand Rideshare service.</p> <p>The Arlington RAPID (Rideshare, Automation, and Payment Integration Demonstration) project combines the City’s expertise with on-demand rideshare and AV testing to integrate a shared, dynamically routed Level 4 AV fleet into an existing public rideshare transit system. Arlington On-Demand continues to provide the rideshare service and May Mobility provides the AV technology and fleet. Both the rideshare fleet and the AV fleet include a wheelchair accessible vehicle, making this service more widely accessible. In partnership with the University of Texas at Arlington, the service operates in coordination with UTA’s fare payment system, allowing students to ride for a discounted rate. This project creates a one-stop-shop for mobility needs in the service area concentrated around UTA’s campus and Downtown, providing a seamless trip planning, booking, and payment experience across modes.</p> <p>The City of Arlington funded the first year of service through a competitive \$1.7M grant from the Federal Transit Administration. The current service is funded through the North Central Texas Council of Governments (NCTCOG), in the amount of \$4,538,552, for the service to continue operations through mid-2025. The project includes analysis and evaluation of the service outcomes and reporting on lessons learned.</p>		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Actual Completion</th></tr><tr><td>Execution of COG Funding</td><td>Fall 2023</td><td>Nov. 2023</td></tr><tr><td>Expanded RAPID Service Starts</td><td>Spring 2024</td><td>Aug. 2023</td></tr><tr><td>Service Completion</td><td>Summer 2025</td><td></td></tr><tr><td>Evaluation and Reporting Completion</td><td>Fall 2025</td><td></td></tr></table>		Milestone	Estimated Completion	Actual Completion	Execution of COG Funding	Fall 2023	Nov. 2023	Expanded RAPID Service Starts	Spring 2024	Aug. 2023	Service Completion	Summer 2025		Evaluation and Reporting Completion	Fall 2025

ERM 2.1.1	Update Street Condition	<ul style="list-style-type: none"> Citizen Perception of Overall Road Condition as “Good” or “Excellent” Lane Miles with Overall Condition Index (OCI) < 50 	Public Works
Summary: Since FY 2013, the City has utilized a “Do Worst First” street condition philosophy which focused on addressing streets with an Overall Condition Index (OCI) rating below 50. Beginning in FY 2023, the city shifted to a prevention-based philosophy that will emphasize the maintenance of “yellow” streets, those streets with an OCI rating 50-69, as well as continuing to address the “red” streets through the Capital Improvement Program. With an additional focus on preventative maintenance, the target is to reduce the FY 2022 baseline to prolong the life of the roadways and achieve a more balanced network. ERM 2.1.3	TxDOT Southeast Connector Project (I-20 / I-820 / US-287) Interchange	Overall Satisfaction with the Management of Traffic Flow During Peak Hours	Public Works
<p><u>Summary:</u></p> <p>The purpose of this TxDOT project is to improve mobility and safety and provide transportation options for travelers through the area. The project will reconstruct the interchange of Interstates I-20, I-820, and Highway US-287. The new infrastructure will include additional main lanes, entrance and exit ramp adjustments, frontage road intersection improvements and bicycle and pedestrian accommodations.</p> <ul style="list-style-type: none"> The first public meeting was held July 19, 2018. Information collected during the public meetings and hearing was used to develop safe transportation solutions that minimize impacts to the communities A virtual public hearing was held on June 4, 2020, to present the proposed reconstruction and widening of I-20, I-820 and US-287 including the three major interchanges. The meeting allowed citizens and communities to voice their concerns via e-mail. Following the meeting on June 4, TxDOT, the compiled questions and comments were used to modify the Environmental Assessment (EA). A Finding of No Significant Impact (FONSI) was issued on September 4, 2020. Have requested for TxDOT to host a town hall meeting for Council Districts 2 and 4.

ERM 2.1.5	Multimodal Delivery Demonstration Project	Completion of Project	Transportation															
<u>Summary:</u> The Multimodal Delivery Demonstration Project is aimed at testing the efficiency and scalability of using autonomous, electric air and ground vehicles to delivery essential food items to underserved residents in East Arlington. The project will include two demonstration periods of approximately two weeks each, as well as analysis of data from the demonstrations and preparation of reports sharing lessons learned. The City is partnering with the University of Texas at Arlington, the North Central Texas Council of Governments, the Tarrant Area Food Bank, Airspace Link, Aerialoop, and Clevon to complete the project. Funding for the project comes in part from a competitive US Department of Energy Grant awarded to the City. Federal funds are being matched by cost share in the form of in-kind contributions and local cash from the City and partners. The City’s portion of the cost share is \$85,309 to support the project.		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Actual Completion</th></tr><tr><td>Host showcase events for media and public</td><td>May 2024</td><td>May 2024</td></tr><tr><td>Demonstration #1</td><td>Sept. 2024</td><td></td></tr><tr><td>Demonstration #2</td><td>Apr. 2025</td><td></td></tr><tr><td>Final Reporting Submitted to USDOE</td><td>Sept. 2025</td><td></td></tr></table>		Milestone	Estimated Completion	Actual Completion	Host showcase events for media and public	May 2024	May 2024	Demonstration #1	Sept. 2024		Demonstration #2	Apr. 2025		Final Reporting Submitted to USDOE	Sept. 2025

ERM 2.1.6	Airport Layout Plan with Narrative Update	Total Aircraft Operations	Transportation
<u>Summary:</u>			
The current Airport Master plan was adopted by City Council in 2015. Since that adoption operations and interest in the Airport have significantly increased. Additional development on the Airports Western Perimeter is continuing to progress faster than the previous Master Plan was designed for. TxDOT Aviation is providing a grant for an update to the Airport Layout Plan as well as a narrative update focused heavily on operations forecasting and West side development.

IOE 1.1.2	Five Year Impact Fee Update	Project Completion	Planning and Development Services	
Summary:				
<p>Arlington has a statutory obligation to update the land use assumptions and capital improvements plan that form the basis for the Impact Fee Program (IFP). The update is required every five years (TLGC Sec. 395.052). The current IFP was adopted in 2017 and was due for an update in 2022. If the City Council does not perform the update as required, any person who has paid an impact fee or the owner of property on which an impact fee has been paid has the right to require the duty to be performed, in which case the Council must perform the update within 60 days.</p> <p>The IFP covers roadways, water, and sanitary sewer. The five-year update is important to ensure the city is adequately planning for the street, water, and sewer infrastructure necessary to support growth over the next ten years. The land use assumptions examine projections of changes in land uses, densities, intensities, and population. The assumptions are reasoned judgments based on existing zoning patterns, development policies, and the realistic prospect for future change. With the projections contained in the land use assumptions, the city prepares a revised CIP detailing the capital improvements needed over the term of the plan to meet existing and projected future demand. The update also addresses known inequities in the existing program to ensure developers are contributing to the Program based on the latest engineering and planning practices. Specifically, the Arlington IFP</p>		Milestone	Estimated Completion	Actual Completion

		Effective Date	Oct. 2025	

Appendix

<p>must update its land use classifications to conform to the latest Institute of Transportation Engineers trip generation data used by other jurisdictions.</p> <p>The IFP update shall be performed by a qualified engineer or engineering consultant who is not an employee of the City. The update process is essentially the same as was used to enact the IFP ordinance originally. The engineer works with the appointed CIPAC (the Planning and Zoning Commission) to produce the update.</p>

IOE 1.1.3	Development of West Airport – E-Space		Office of Strategic Initiatives, Economic Development Corporation												
<u>Summary:</u> In April 2023, the Arlington Economic Development Corporation and City Council approved a master agreement with E-Space, a start up satellite manufacturer. The master agreement provides a framework for the project and contemplates development of future agreements, including a lease, development agreement, and performance agreement. The AEDC plans to construct a 250,000 square foot manufacturing facility and associated infrastructure for E-Space to occupy. E-Space will commit to provide a minimum of 400 jobs within 5 years of initial occupancy of the space.		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Actual Completion</th></tr><tr><td>Phase I Design</td><td>Dec. 2024</td><td></td></tr><tr><td>Develop and execute all subsequent agreements</td><td>Dec. 2024</td><td></td></tr><tr><td>Begin Construction</td><td>May 2025</td><td></td></tr></table>		Milestone	Estimated Completion	Actual Completion	Phase I Design	Dec. 2024		Develop and execute all subsequent agreements	Dec. 2024		Begin Construction	May 2025

IOE 1.2.1	Business Recruitment and Retention	<ul style="list-style-type: none"> Recruitment Leads Leads to Prospects 	Economic Development																											
<u>Summary:</u> The Office of Economic Development is participating in recruitment efforts related to the City's identified targeted industry clusters. The adopted clusters are: <ol style="list-style-type: none"> 1) Aerospace 2) Automotive Products 3) Business and Professional Services 4) Medical Devices 5) Industrial Machinery and Manufacturing. As outlined in the Economic Development Strategy, the Office works to generate leads and recruit companies within these industry clusters, which will assist in reaching one of the City's primary economic development goals – competitive positioning, allowing the City to capture a larger share of high-wage, high-impact growth. As recruitment leads are generated and projects arise, they will be identified and tracked on a hit list reported to the City Management Office every month. The list will track potential capital investment, jobs created and details about each project in order of priority. Staff will continue to develop knowledge of the business climate that may lead to a compelling case for industry prospects to locate in Arlington.		<table border="1"> <thead> <tr> <th colspan="2">Approved Agreements</th><th colspan="2">Date</th></tr> <tr> <td colspan="2"></td><td colspan="2"></td></tr> </thead> <tbody> <tr> <td rowspan="6">Targeted Industry Leads</td><td>Aerospace</td><td>Automotive Products</td><td>Medical Devices</td></tr> <tr> <td>Industrial Manufacturing</td><td>Business and Professional</td><td></td></tr> <tr> <td>1st Quarter</td><td></td><td></td></tr> <tr> <td>2nd Quarter</td><td></td><td></td></tr> <tr> <td>3rd Quarter</td><td></td><td></td></tr> <tr> <td>4th Quarter</td><td></td><td></td></tr> </tbody> </table>		Approved Agreements		Date						Targeted Industry Leads	Aerospace	Automotive Products	Medical Devices	Industrial Manufacturing	Business and Professional		1 st Quarter			2 nd Quarter			3 rd Quarter			4 th Quarter

Urban Union Type: Redevelopment of buildings near the intersections of Division St., East St., and Front St in Downtown Arlington Capital Investment: \$20 million Size: 60,000 sq. ft. Deal: Located in Tax Increment Reinvestment Zone #1, the project will receive TIRZ #1 funding to assist in the public improvement costs associated with the development.																																																											
Columbia Medical Center of Arlington Subsidiary, LP (MCA) (Healthcare/Medical) Type: Medical Hospital Capital Investment: \$90 million Size: 20,000 sq. ft. expansion Employees: 50 Deal: The City provided a real property tax abatement to offset some of MCA’s construction costs.																																																											
General Motors (Assembly) Type: Assembly Plant Renovation and Expansion Capital Investment: \$1.4 billion Size: 1,200,000 sq. ft. expansion Employees: 4,000+ retained Deal: To assist GM, the City offered an incentive package including tax abatements to real and business personal property and fee waivers.																																																											

Medal of Honor Museum

Type: Museum

In October 2019, the NMOH Museum announced that Arlington would be the home of their new museum. The site will be in the Entertainment District.

Main 7

Type: Housing Development

Capital Investment: \$14.7 million

Townhomes: 53

Deal: The Arlington City Council approved a Tax Increment Reimbursement Agreement by and between Savannah Main 7, LLC relative to the construction of the development at the corner of W. Main Street and Cooper Street in June 2020.

Bowery Farming, Inc.

Type: Indoor modern farming operation

Capital Investment: \$20 million

Size: 205,000 sq. ft.

Employees: 90

Deal: Chapter 380 Grant Agreement of 35% for 7 years on City taxes paid on business personal property and waiver of building permit fees for the cost of installation of equipment, machinery, and furnishings in the building.

Wallbox USA, Inc.

Type: First North American and U.S. manufacturing operation

Capital Investment: \$70 million

Size: 129,000 sq. ft.

Employees: 144 up to 250

Deal: Arlington City Council approved a Chapter 380 Grant Agreement at 80% for 7 years on business personal property and building permit fee waivers to reduce the costs to retrofit the facility and ramp up the operation.

Park Place

Type: Mixed Use Retail and Residential

Capital Investment: \$38 million

Size: 14,777 sq. ft. of retail

Employees: TBD

Deal: Arlington City Council approved a Chapter 380 Grant Agreement for \$220,000 to incentivize finish out of flooring and HVAC in first floor retail of development, which offsets the cost of public improvements the developer took on during construction.

IOE 1.2.6	Right of Way Permitting		Office of Strategic Initiatives

Summary:

Real Estate Services (RES) is a division of the Office of Strategic Initiatives. RES Staff manages minerals and leasing, city-owned property, cell tower leasing, easement acquisitions for PWT and WU, right-of-way permit approvals, and small cell right-of-way permits which includes inspections and management of the public right-of-way.

Small Cell Permits

RES Staff manages applications/yearly fees from public service providers such as AT&T, Sprint, T-Mobile, and Verizon. State mandated shot clocks are enforced under this program.

Right-of-Way Permits

The ROW permit application process has been automated in the City’s permitting system, Amanda. The permit application submission, review process, and inspections include auto generated email notifications for staff comments and permit issuance. Amanda also houses damage claims and inspector notifications and cash handling.

Goals will always be to collect past due damages from current contractors and public service providers.

LT 1.1.2	Enterprise IT Project (FY 2022) – Content Management System for Police	Project Completion	Office of Strategic Initiatives																																				
<u>Summary:</u> This project will expand use of the City’s enterprise document management solution Laserfiche Rio by engaging DocuNav to configure a Laserfiche Rio environment for the Police Department (APD). This will be a multi-phased/multi-year project that will also include configuring Laserfiche to manage: <ul style="list-style-type: none">• Structured and unstructured data• A Citizen-facing portal for data submissions• Forms and workflows• Request and issue management• Asset management, and• Training and file management. APD currently stores over 60 terabytes of unstructured data in the City’s file shares. For data stored in an unstructured manner, there is not an effective search solution, document hold process or enforceable retention policy. The partner vendor is preparing to load the Asset Management Application into the Laserfiche test environment to begin technical testing and user testing. The project team reviewed the Software Requirements Specification (SRS) Document and provided feedback and comments. The partner vendor is performing development efforts for the Laserfiche Request and Issue Management Application. The project schedule exceeded the planned completion date. The partner vendor has been late in delivering Laserfiche applications according to their estimated schedule. The remaining project deliverables are Asset Management, Request and Issue Management, and the Training Scheduling Process. Based on partner vendor’s adjusted timeline, the project has been extended to December 31, 2024.		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Status</th></tr><tr><td>Project Charter</td><td>1st Qtr. LT 1.1.9	Implement Governance Project Jury Enterprise System	Project Completion	Municipal Court																		
<u>Summary:</u> The right to a trial by jury is one of the fundamental rights afforded to those charged with a criminal offense in the United States. Article 45.027(a) of the Code of Criminal Procedure requires the judge to issue a writ of venire, commanding the clerk to summon a venire from which six qualified persons shall be selected to serve as jurors in the case. The Court will work with IT, Judiciary and Tyler Technologies to implement a new Jury Enterprise System into business practices. This system will provide for two-way communication, electronic document uploads, text and up to the date information on jury duty status, and additional features that have only been previously available at the County level. The Arlington Municipal Court will be first Municipal Court in Texas to utilize these types of jury enhancements.		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Actual Completed</th></tr><tr><td>Receive demo, integration specifications, and configurations and set milestones with Tyler Technologies</td><td>1st Qtr. LT 1.2.4	Enterprise IT Project (FY 2023) – PD Law Enforcement Internal Records and Performance Solution	Project Completion	Information Technology and Police																					
<u>Summary:</u> The Police Department (APD) utilizes Administrative Investigations Management (AIM) to collect, manage, track, and analyze multiple agency items including use of force incidents, pursuits, accidents, awards, Internal Affairs matters, etc. Benchmark Analytics has recently acquired AIM, and they intend to sunset (end of life) the AIM solution. Benchmark plans to migrate AIM clients to their product, which is significantly more expensive. Therefore, APD would like to investigate options to replace AIM as Benchmark’s product does not meet their needs nor current budget. Through the City’s procurement process, this project will expand on the APD’s business requirements as selection criterion to identify and acquire a solution.		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Status</th></tr><tr><td>Project Charter</td><td>1st Qtr. Project		Performance Measure(s)	Department(s)	
LT 1.2.7	Implementation of City-wide Contract Routing Software	Project completion	Finance	
Summary:				
The Office of Procurement will work with both City Secretary’s Office and City Attorney’s Office to implement an electronic contract routing software for the city. The overall intent of this software is to streamline the routing process by providing advanced tracking, contract drafting and electronic signatures. This new software will replace the current outdated “golden rod” process and allow city staff to execute contracts in a more efficient way.				
		Milestone	Estimated Completion	Actual Completion
		Software Implementation Completion	10/01/2024	
		Soft Roll Out for Finance and CAO	11/01/2024	
		Train City Departments on policy, software, and processes	Ongoing	
		Go-Live City Wide	01/01/2025

LT 1.2.8	Enterprise IT Project (FY 2024) – PDS AMANDA Replacement	Project Completion	Information Technology and Planning & Development Services	
Summary:				
The goal of this project is to identify, evaluate, select, procure, and implement a permitting solution. This cross-departmental project will modernize permitting, licensing and inspections solution. The project team will include a 3 rd party consulting partner. The partner will focus on evaluating business processes and identify solution requirements for all department stakeholders.

LT 1.2.13	Veterans Court	Implementation Into Business Practices	Judiciary and Municipal Court																		
<u>Summary:</u> The Court’s community courts programs combine the power of the community and the justice system to address local problems. The Judiciary and Municipal Court will be introducing a new initiative to its community courts programs by creating a specialized Veterans docket to help Veterans overcome barriers such as outstanding violations and warrants. Additionally, the program will be looking to partner with non-profits and military providers to help link Veterans with the area agencies about possible services, such as job assistance, legal aid, housing, and healthcare. One unique aspect of this program is that this initiative and community partnership availability during the dockets will be open to all Veterans and not just those who have violations at the Municipal Court.		<table><tr><th>Milestone</th><th>Target</th><th>Status</th></tr><tr><td>Research and work with technology vendors for ways to identify defendants who are Veterans on citations and any other available means at disposal.</td><td>4th Qtr. LT 1.3.2	Enterprise IT Project (FY 2022) – Citizen Reporting Tool Replacement	Project Completion	Information Technology and Communication & Legislative Affairs																											
<u>Summary:</u> Support for the City’s citizen reporting mobile application, Ask Arlington, will be dropped by the vendor, Accela, sometime in 2021 (we have not been provided a specific date). This project is to replace the Ask Arlington app with a new mobile application that is usable on Apple and Android devices and provide web platform and texting capabilities. The tool will interface with the City’s existing applications that the Action Center (AC) agents utilize for their daily business operations.		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Status</th></tr><tr><td>Project Charter</td><td>1st Qtr. LT 1.3.5	Implementation of City-wide Electronic Bidding and standardization of processes	Project Completion	Finance												
<u>Summary:</u> The Office of Procurement has been utilizing IonWave for electronic bidding of all formal solicitations since the Fall of 2020. Electronic bidding streamlines the bidding process by moving all manual tasks to electronic format. It improves the bidding process for vendors wanting to participate, which in turn will create more competition. Since moving to electronic bidding, the Office of Procurement has seen a decrease in non-responsive bids and proposals. This business plan will move all city-wide solicitations to e-bidding, with the intent to standardize all processes.		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Actual Completion</th></tr><tr><td>Work with Departments to build templates in IonWave</td><td>01/01/2024</td><td></td></tr><tr><td>Review and train departments on new processes</td><td>03/01/2024</td><td></td></tr><tr><td>All solicitations moved to e-bidding</td><td>04/01/2024</td><td></td></tr></table>		Milestone	Estimated Completion	Actual Completion	Work with Departments to build templates in IonWave	01/01/2024		Review and train departments on new processes	03/01/2024		All solicitations moved to e-bidding	04/01/2024

SYF 1.1.1	Family Self-Sufficiency Program	Increase the number of families participating in the Family Self-Sufficiency Program	Housing
<u>Summary:</u> The Family Self-Sufficiency (FSS) Program is a voluntary component of the Housing Authority’s Housing Choice Voucher (HCV) program. Households or individual enrolled in the FSS program work with their case manager to achieve established goals. Their goals are unique to themselves, but often relate to savings, education, employment, and credit score. HUD mandates 2 goals be completed to graduate; being off welfare and employed full time. Participants enter into a 5-year contract but can graduate early if they’ve achieved their goals. A snapshot of their income is recorded as a baseline when they enter the program. HCV participants pay 30% of their income toward rent, and the housing voucher pays the balance. During their contract period, if their		As the housing authority’s portion of rent is reduced, that savings in rent is put in an escrow account to be held for the FSS participant. If they graduate from the program, the escrow balance is given to the graduate with no restrictions on its use (however they are given guidance about paying off debt, increasing savings accounts, etc.). The FSS program was revamped in FY 2023 and rebranded to Assistance Plus. Housing’s goal is to enroll 5 new FSS participants each quarter in FY 2024.	

income increases, their share of rent also increases.

Core FED 1.2.1	Open Records Requests/Intergovernmental Agency Requests	<ul style="list-style-type: none">Number of Open Records RequestsNumber of Intergovernmental agency requests	Police																																																		
<u>Summary:</u>																																																					
<p>The Records Services Division serves as the repository for the official records that document the activity of the Police Department. The Texas Public Information Act is a state law that gives a person the right to submit a written request for any record related to official city business. Records may include but are not limited to criminal offense reports, crash reports, 911 calls for service, photos, and audio/visual (A/V) recordings.</p> <p>The division handles both ORR (Open Record Requests) from the public and IRR (Interagency Record Requests) from other law enforcement agencies or segments of the criminal justice system. A large majority of ORRs are submitted by data mining companies, such as LexisNexis, usually requesting crash reports and related documents.</p> <p>The Records Services division must provide a response to the requestor within 10 business days regarding the status of a request, including if it was submitted to the Attorney General to rule whether or not the information is exempt from disclosure. Records for pending cases and those containing certain protected information are not released. Other records may be partially released with some information redacted.</p> <p>Redactions to A/V material, including body worn camera (BWC) and dash cam video footage and 911 audio, are extremely labor and time intensive. Each minute of BWC video footage takes approximately 10 minutes to redact. Records Services works closely with the City Attorney Office Police Legal Advisor to ensure all records responsive to a request are released and certain information is redacted as required.</p>		<div><h3>Number of Open Record Requests</h3><table><caption>Number of Open Record Requests</caption><thead><tr><th>Fiscal Year</th><th>1st Qtr</th><th>2nd Qtr</th><th>3rd Qtr</th><th>4th Qtr</th></tr></thead><tbody><tr><td>FY 2022</td><td>1,800</td><td>1,950</td><td>2,000</td><td>2,100</td></tr><tr><td>FY 2023</td><td>2,500</td><td>2,800</td><td>3,200</td><td>3,300</td></tr><tr><td>FY 2024</td><td>3,100</td><td>4,400</td><td>3,400</td><td>3,400</td></tr><tr><td>FY 2025</td><td>-</td><td>-</td><td>-</td><td>-</td></tr></tbody></table></div> <div><h3>Number of Interagency Record Requests</h3><table><caption>Number of Interagency Record Requests</caption><thead><tr><th>Fiscal Year</th><th>1st Qtr</th><th>2nd Qtr</th><th>3rd Qtr</th><th>4th Qtr</th></tr></thead><tbody><tr><td>FY 2022</td><td>1,150</td><td>1,250</td><td>1,200</td><td>1,250</td></tr><tr><td>FY 2023</td><td>1,100</td><td>1,150</td><td>1,300</td><td>1,350</td></tr><tr><td>FY 2024</td><td>1,050</td><td>1,100</td><td>1,450</td><td>1,400</td></tr><tr><td>FY 2025</td><td>-</td><td>-</td><td>-</td><td>-</td></tr></tbody></table></div>		Fiscal Year	1st Qtr	2nd Qtr	3rd Qtr	4th Qtr	FY 2022	1,800	1,950	2,000	2,100	FY 2023	2,500	2,800	3,200	3,300	FY 2024	3,100	4,400	3,400	3,400	FY 2025	-	-	-	-	Fiscal Year	1st Qtr	2nd Qtr	3rd Qtr	4th Qtr	FY 2022	1,150	1,250	1,200	1,250	FY 2023	1,100	1,150	1,300	1,350	FY 2024	1,050	1,100	1,450	1,400	FY 2025	-	-	-	-

Goal 2: Promote Organization Sustainability by Recruiting, Retaining, and Developing Outstanding Employees			
Objective 1: Foster and Maintain a Work and Learning Environment that is Inclusive, Welcoming, and Supportive			
Project		Performance Measure(s)	Department(s)
Core FED 2.1.2	Finance Professional Positions Job Review		Finance
Summary:			
In the current job market, the ability to attract and retain qualified finance personnel is a challenge. Many of the job descriptions, specifically the entry level positions, have not been reviewed in more than a decade. In FY 2025, the Finance Department, in partnership with Human Resources, would like to conduct thorough evaluations of all finance professional positions and update job descriptions and/or salary ranges as necessary.			

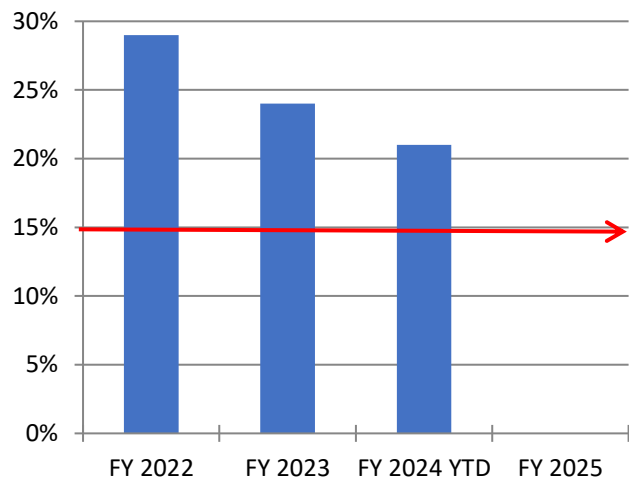

Financial/Economic Development																																				
Goal 2: Promote Organization Sustainability by Recruiting, Retaining, and Developing Outstanding Employees																																				
Objective 1: Foster and Maintain a Work and Learning Environment that is Inclusive, Welcoming, and Supportive																																				
Project		Performance Measure(s)	Department(s)																																	
Core FED 2.1.3	Compensation and Classification Structural and Strategic Review	Modification or validation of various compensation and classification components.	Human Resources																																	
<u>Summary:</u> The Human Resources department will conduct a full and comprehensive review of all current pay structures, strategies, and philosophies. This will include an examination of comparative benchmark organizations, reviews of the City’s current pay philosophies and relatedness to strategy and execution, recalibration of structures or strategies to align with benchmark organizations, definitive guidelines on pay adjustments and reclassifications, and other items that would be of significant impact for a successful, equitable and sustainable compensation program. In 1 st Quarter of FY 2024, the Compensation Team compiled all relative information and presented a recommended strategy to CMO, presenting the phase I approach and 3-year cycle to level set all positions to market. In 2 nd Quarter of FY 2024, upon an in-depth analysis of the current pay structure, a strategy was established to include the identification of all jobs and positions to benchmark and restructure the current salary structure that will allow for employees to remain competitive in the market, creating equitable pay and employee retention. Reviews of all job descriptions are in progress as we continue to review job descriptions and clean up the system so that when Workday recruiting launches, we will have a clean system. This is a partnering with the compensation team to achieve this goal. A job questionnaire has been developed that outlines a standardized process for creating or reassessing job positions within our organization. This new procedure aims to ensure consistency, transparency, and alignment with compensation structures while facilitating collaboration between departments and HR.		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Status</th></tr><tr><td>Identification of Comparative Market Sources (Benchmark Cities and Organizations)</td><td>1st Qtr. Core FED 2.1.4	Development Succession Plan	Complete the quarterly targets	Library
<u>Summary:</u> Investing in staff development and organizational growth opportunities is imperative for the library's success and stability. The pandemic and budget constraints have led to a compression within the library's organizational structure, limiting opportunities for staff to move into positions of greater responsibility. To position the library for success, the management team must decisively act to address these upward mobility opportunities. As the Library department retires staff, succession planning is also necessary. Developing a program to allow for more opportunities will be essential. A program would be created and implemented for staff to apply and experience many aspects of a position of great responsibility, ensuring a smooth transition and continuity of operations. By way of a program to offer growth opportunities, the library aims to: <ul style="list-style-type: none"> • Promote internal, seasoned talent • Provide opportunities for advancement • Develop an agile pool of leaders • Positively impact staff retention • Decompress organization structure • Develop a system for retirement and sudden loss • Ensure a seamless leadership transition 		Timeline: 1 st Quarter: Identify key components of program, pre-survey staff and coordinate and review with Human Resources 2 nd Quarter: Communicate with department and seek staff interest applications and select participants 3 rd Quarter: Consult with participants and post survey staff 4 th Quarter: Evaluate program

Core FED 2.2.1	City of Arlington Employee Benefits RFP	Phase I (FY 2024): Complete RFP Process and Award Contracts Phase II (FY 2025): Implementation, Communication, Auditing	Human Resources																																	
<u>Summary:</u> On February 27, 2024, City Council approved a three-year professional services contract with HUB International for benefits and retirement consulting services. Since March 1, 2024, HUB International has assessed and benchmarked the City’s contracts. HUB International has identified gaps in pricing, guarantees, allowances and benefit design when comparing to like-sized cities. An Employee Benefits RFP was released on May 1, 2024, to address contract gaps, increased savings, long-term cost containment, best practices, and improved benefit design. The RFP covers all employee benefits including Medical, Pharmacy, Stop Loss, FSA, HSA, Dental, Vision, Life/AD&D, Disability, FMLA, EAP, Accident, Critical Illness, and Employee Health Advocacy. A three-year contract with two 2-year renewals have been requested on all winning contracts. Winning contracts will be awarded in 4 th Quarter of FY 2024. The 1 st Quarter of FY 2025 will focus on new vendor implementation, building data integrations, Workday revision and/or rebuild, and preparing employee communication materials. Annual Enrollment in Workday and Employee/Retiree presentations will also take place at this time. In 2 nd Quarter of FY 2025, the focus will shift to auditing enrollments and ensuring all employee benefit plans and programs are running as built and expected per the contracts. Additional employee/retiree outreach and follow up will also take place.		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Status</th></tr><tr><td>RFP Process</td><td>4th Qtr. Core INF 1.1.1	Reduce Percentage of Fleet Beyond Service Life	Percentage of Fleet Beyond Service Life	Asset Management										
<u>Summary:</u> The City has set a target of having no more than 15% of its fleet operating beyond recommended service life at any one time. Vehicles and equipment that are beyond recommended service life may have more down time and may have less functionality compared to what is currently available on the market. After the service life ends, maintenance and repair are at an extra cost. The City pays an extra, hourly rate for mechanical failures and wear and tear which increase with vehicle age.		<div>Percentage of Fleet Beyond Life (Goal is 15% or less)</div>  <table><caption>Percentage of Fleet Beyond Life Data</caption><thead><tr><th>Fiscal Year</th><th>Percentage</th></tr></thead><tbody><tr><td>FY 2022</td><td>~28%</td></tr><tr><td>FY 2023</td><td>~24%</td></tr><tr><td>FY 2024 YTD</td><td>~21%</td></tr><tr><td>FY 2025</td><td>-</td></tr></tbody></table>		Fiscal Year	Percentage	FY 2022	~28%	FY 2023	~24%	FY 2024 YTD	~21%	FY 2025	-

<u>Summary:</u> The Fire and Police Departments each have individual training facilities. Both facilities need major improvements. In the FY 2023 Budget, City Council approved \$175,000 for a Feasibility Study for a new Public Safety Training Center. The study will focus on the whether the training facilities could be combined. If they can be combined, the study will then focus on size and location options, as well as an estimated budget for the design and construction.		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Actual Completion</th></tr><tr><td>Initial Project Schedule/Development Phase</td><td>Fall 2022</td><td>Fall 2022</td></tr><tr><td>Issue RFQ for Architects</td><td>Spring 2023</td><td>Spring 2023</td></tr><tr><td>Select Architects</td><td>Spring 2023</td><td>Spring 2023</td></tr><tr><td>Council Approval of Architect Contract</td><td>Summer 2023</td><td>Summer 2023</td></tr><tr><td>Feasibility Study Complete</td><td>Winter 2024</td><td></td></tr></table>		Milestone	Estimated Completion	Actual Completion	Initial Project Schedule/Development Phase	Fall 2022	Fall 2022	Issue RFQ for Architects	Spring 2023	Spring 2023	Select Architects	Spring 2023	Spring 2023	Council Approval of Architect Contract	Summer 2023	Summer 2023	Feasibility Study Complete	Winter 2024

Core INF 1.2.6	Arlington Cemetery Ordinance		Office of Strategic Initiatives, Parks & Recreation																					
<u>Summary:</u> The City has owned the Arlington Cemetery since 1995, when the cemetery was declared abandoned. Since then, regular maintenance and upkeep has been conducted by the Parks and Recreation Department; however, the State Health and Safety Code Section 713 has prohibited the sale of new plots. In the 2023 Texas Legislature, HB2371 was enacted, which allows the sale of plots in the Arlington Cemetery, with certain provisions. The Arlington Cemetery Ordinance project will develop a formal plan to maintain, operate, and manage the sale of plots in the Arlington Cemetery. This project has six milestones:		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Actual Completion</th></tr><tr><td>Conduct GPR</td><td>May 2024</td><td>May 2024</td></tr><tr><td>Replat Cemetery</td><td>July 2024</td><td></td></tr><tr><td>Approve Ordinance</td><td>Aug. 2024</td><td></td></tr><tr><td>Ownership Validation</td><td>Aug. 2024</td><td></td></tr><tr><td>Plot Abandonment/ Appeal Period</td><td>Sept. 2024</td><td></td></tr><tr><td>Procure Cemetery Operator</td><td>Nov. 2024</td><td></td></tr></table>		Milestone	Estimated Completion	Actual Completion	Conduct GPR	May 2024	May 2024	Replat Cemetery	July 2024		Approve Ordinance	Aug. 2024		Ownership Validation	Aug. 2024		Plot Abandonment/ Appeal Period	Sept. 2024		Procure Cemetery Operator	Nov. 2024

Core INF 1.2.7	Public Works South Operations Facility	<ul style="list-style-type: none"> Overall Satisfaction of Project Management Project Completion on Time and at Budget 	Asset Management
<p><u>Summary:</u></p> <p>The City's South Service Center at 1100 SW Green Oaks Blvd. includes administrative and customer services offices for Water Utilities, field offices for Public Works, site for materials storage and heavy equipment, as well as a fleet shop. The site is about 25.5 acres.</p> <p>In May 2023, voters approved \$9 million to build a new facility for PW field operations. The existing facility is 6 modular buildings combined into one in 2007 to provide temporary size. The facility is undersized for staff and onsite operations. Also, the exterior includes uncovered materials and waste storage that requires significant maintenance to remain in compliance with state environmental regulations. The goal is to design and build a 13,000 square foot facility for nearly 75 field personnel and another nearly 70,000 square feet to accommodate employee parking, equipment parking, covered materials storage, among other additions to facilitate operations. Additionally, Water Utilities is assessing the site for needed improvements.</p> <p>City staff plan to develop and issue a Request for Qualifications for an architectural/engineering firm by the 1st quarter of FY 2025 to create a comprehensive scope of work. Consideration will need to be given to soil conditions, the need for a detention pond, and space for a future water tower on the southern side of the property along Nathan Lowe Dr. An estimated timeline is to be determined.</p>

<u>Summary:</u> The City’s Traffic Management Center needs to relocate from the Ott Cribbs Public Safety Center into a larger space. The project goals include to identify, and if needed acquire, an existing building to remodel. The remodeled facility will house office space to include eight offices, 10 cubicle spaces, and 6-10 workstations. Additionally, space would be made available for 30 workstations to accommodate field staff, including a conference room, a break room and work area. A server closet and back-up generator also is required for the facility. The target completion is 1 st Quarter FY 2025 so that the center is operational by January or February 2026 in time for the World Cup.

<u>Summary:</u> The City of Arlington Water Utilities will install 10,000 meters and MIU’s in FY 2025 through an ongoing meter replacement program and water line renewals. The MIU receives input from the meter register and remotely sends data to a fixed base data collector, located at one of five elevated storage tanks around the City. Top of the hour readings and other diagnostics are instantly forwarded to the network allowing for a greater awareness of the distribution system and possible on property leak conditions. In addition, the MIU stores up to 35 days of hourly consumption, providing the utility with the ability to extract detailed usage profiles for consumer education, such as water conservation, and billing dispute resolution.		<table><tr><th>Milestone</th><th>Estimated Completion</th><th>Actual Completion</th></tr><tr><td>Begin MUI/Meter Installs 2023-24</td><td>Oct. 2023</td><td></td></tr><tr><td>Council Approval of Meter Replacement funding</td><td>Feb. 2024</td><td></td></tr><tr><td>Council Approval of Annual Meter Supply Contract</td><td>Mar. 2024</td><td></td></tr><tr><td>Complete MIU/Meter Installation for FY 2024</td><td>Sept. 2024</td><td></td></tr></table>		Milestone	Estimated Completion	Actual Completion	Begin MUI/Meter Installs 2023-24	Oct. 2023		Council Approval of Meter Replacement funding	Feb. 2024		Council Approval of Annual Meter Supply Contract	Mar. 2024		Complete MIU/Meter Installation for FY 2024	Sept. 2024

Core PS 1.1.1	Crime Reduction	<ul style="list-style-type: none">Crimes Against PersonCrimes Against PropertyCrimes Against Society	Police																																																													
<p><u>Summary:</u></p> <p>The City of Arlington has experienced a reduction in crime for the past nine years. Sustaining this reduction continues to be at the forefront of the mission for the Police Department. Geographic accountability, technology, intelligence, and community engagement all play a vital role when implementing a sustainable and conducive crime reduction strategy.</p> <p>Beginning in January 2017, the Police Department began reporting data as part of the National Incident-Based Reporting System (NIBRS). This system captures more detailed information for each single crime occurrence rather than the traditional Summary Uniform Crime Report (UCR), which is based on a hierarchy summary reporting system. NIBRS data identifies with precision when and where a crime takes place, what type of crime occurred, and the characteristics of its victims and perpetrators. While the UCR data will be used for historical and overall benchmarking of crime statistics, NIBRS data will provide us with more defined, granular detail of the crime in our city. This will help the department’s overall crime reduction goal by giving crime analysts more data and allowing for more targeted, proactive policing. The department submits crime data in NIBRS format to the Texas Department of Public Safety and receives a Summary UCR (Part I) report in response.</p>			<p>Charts show the three crime code categories used in NIBRS. Summary:																																																																																							
<p>Every year, millions of people travel the roadways throughout the city. Reaching their destination safely is of the utmost concern. In 2021, a total of 7,086 crashes occurred within Arlington city limits, a significant decrease of 9.8% from 2020 (12,945).</p> <p>In order to continue crash reduction in the city, the traffic section has implemented its Safe Roads Initiative. The initiative relies on historical and real time data to proactively reduce fatality and injury crashes. As part of the initiative, strategic enforcement and Data-Driven Approaches to Crime and Traffic Safety (DDACTS) will be used to target repeat locations where fatality and injury crashes have occurred—Effective enforcement and education efforts will be complementing factors to the data. The Department continues to receive a comprehensive traffic safety grant through the Texas Department of Public Safety. The purpose of the grant is to have officers act as a visual deterrent for dangerous driving, in the city’s highest crash locations.</p> <p>The Department continues to place emphasis on conducting safety inspections of CMVs (Commercial Motor Vehicles) as part of the Traffic Safety plan. The CMV inspection and enforcement program consists of a full time CMV unit. The CMV enforcement program is supplemented by a CMV grant through the Texas Department of Public Safety and United States Department of Transportation.</p>		<div><h3>Injury Crashes</h3><table><tr><th>Period</th><th>Injury Crashes</th></tr><tr><td>FY21 Q3</td><td>730</td></tr><tr><td>FY21 Q4</td><td>740</td></tr><tr><td>FY22 Q1</td><td>780</td></tr><tr><td>FY22 Q2</td><td>560</td></tr><tr><td>FY22 Q3</td><td>680</td></tr><tr><td>FY22 Q4</td><td>680</td></tr><tr><td>FY23 Q1</td><td>750</td></tr><tr><td>FY23 Q2</td><td>640</td></tr><tr><td>FY23 Q3</td><td>680</td></tr><tr><td>FY23 Q4</td><td>720</td></tr><tr><td>FY24 Q1</td><td>690</td></tr><tr><td>FY24 Q2</td><td>570</td></tr><tr><td>FY24 Q3</td><td>630</td></tr></table></div> <div><h3>DWI Crashes</h3><table><tr><th>Period</th><th>DWI Crashes</th></tr><tr><td>FY21 Q3</td><td>155</td></tr><tr><td>FY21 Q4</td><td>165</td></tr><tr><td>FY22 Q1</td><td>150</td></tr><tr><td>FY22 Q2</td><td>135</td></tr><tr><td>FY22 Q3</td><td>138</td></tr><tr><td>FY22 Q4</td><td>145</td></tr><tr><td>FY23 Q1</td><td>150</td></tr><tr><td>FY23 Q2</td><td>135</td></tr><tr><td>FY23 Q3</td><td>120</td></tr><tr><td>FY23 Q4</td><td>120</td></tr><tr><td>FY24 Q1</td><td>140</td></tr><tr><td>FY24 Q2</td><td>110</td></tr><tr><td>FY24 Q3</td><td>115</td></tr></table></div> <div><h3>CMV Inspections</h3><table><tr><th>Period</th><th>CMV Inspections</th></tr><tr><td>FY21 Q3</td><td>650</td></tr><tr><td>FY21 Q4</td><td>500</td></tr><tr><td>FY22 Q1</td><td>550</td></tr><tr><td>FY22 Q2</td><td>650</td></tr><tr><td>FY22 Q3</td><td>620</td></tr><tr><td>FY22 Q4</td><td>550</td></tr><tr><td>FY23 Q1</td><td>580</td></tr><tr><td>FY23 Q2</td><td>580</td></tr><tr><td>FY23 Q3</td><td>580</td></tr><tr><td>FY23 Q4</td><td>400</td></tr><tr><td>FY24 Q1</td><td>220</td></tr><tr><td>FY24 Q2</td><td>250</td></tr><tr><td>FY24 Q3</td><td>200</td></tr></table></div>		Period	Injury Crashes	FY21 Q3	730	FY21 Q4	740	FY22 Q1	780	FY22 Q2	560	FY22 Q3	680	FY22 Q4	680	FY23 Q1	750	FY23 Q2	640	FY23 Q3	680	FY23 Q4	720	FY24 Q1	690	FY24 Q2	570	FY24 Q3	630	Period	DWI Crashes	FY21 Q3	155	FY21 Q4	165	FY22 Q1	150	FY22 Q2	135	FY22 Q3	138	FY22 Q4	145	FY23 Q1	150	FY23 Q2	135	FY23 Q3	120	FY23 Q4	120	FY24 Q1	140	FY24 Q2	110	FY24 Q3	115	Period	CMV Inspections	FY21 Q3	650	FY21 Q4	500	FY22 Q1	550	FY22 Q2	650	FY22 Q3	620	FY22 Q4	550	FY23 Q1	580	FY23 Q2	580	FY23 Q3	580	FY23 Q4	400	FY24 Q1	220	FY24 Q2	250	FY24 Q3	200

Project		Performance Measure(s)	Department(s)																				
Core PS 1.1.3	Victim Services Response to Crime Victims	<ul style="list-style-type: none">• Total Crime Victims Served• On-scene Crisis Response	Police																				
<p><u>Summary:</u></p> <p>Victims of crime, including domestic violence, may be of any gender, age, sexual orientation, race, religion, or ethnicity. Victimization may happen to an individual, family, group, or community. The impact of crime on an individual victim, their loved ones, and their community depends on a variety of factors, but often crime victimization has significant emotional, psychological, physical, financial, and social consequences.</p> <p>Department investigators work quickly to expedite the most serious of cases and those with high-risk indicators. While investigators work the criminal aspect of the case, the Victim Services Unit provides resources to victims and family members with the goal of lessening the short and long-term trauma experienced as a direct result of the victimization. Victim Services provides crisis intervention and counseling, criminal justice support and advocacy, information and referral, notification of rights and transportation to shelters to all victims of violent crime reported to the Arlington Police Department. Victim Services counselors are on duty 7 days a week to respond to requests for immediate crisis intervention for victims of domestic violence and other traumatic crimes.</p> <p>Project RAISE (Risk, Assessment, Intervention, Safety, and Engagement) consists of a victim centered Multi-Disciplinary Team of social service, community, and criminal justice agencies partnering together to address the issues that high-risk family violence victims face. Project RAISE offers a professional support system to help develop a safe and healthy climate for the victim. Project RAISE focuses on the intervention of the high- risk intimate partner violence (IPV) locations within each geographic district per month. The safety risk of each location is evaluated by monitoring the number of calls, history of violence, and the severity of violence. An in-depth assessment is completed for the victim including a history of</p>		<div><p>Onscene Response</p><table><thead><tr><th>Quarter</th><th>Value</th></tr></thead><tbody><tr><td>FY25 1st Qtr</td><td>20</td></tr><tr><td>FY25 2nd Qtr</td><td>40</td></tr><tr><td>FY25 3rd Qtr</td><td>60</td></tr><tr><td>FY25 4th Qtr</td><td>100</td></tr></tbody></table></div> <div><p>Crime Victims Served</p><table><thead><tr><th>Quarter</th><th>Value</th></tr></thead><tbody><tr><td>FY25 1st Qtr</td><td>1,500</td></tr><tr><td>FY25 2nd Qtr</td><td>2,000</td></tr><tr><td>FY25 3rd Qtr</td><td>2,500</td></tr><tr><td>FY25 4th Qtr</td><td>3,000</td></tr></tbody></table></div>		Quarter	Value	FY25 1st Qtr	20	FY25 2nd Qtr	40	FY25 3rd Qtr	60	FY25 4th Qtr	100	Quarter	Value	FY25 1st Qtr	1,500	FY25 2nd Qtr	2,000	FY25 3rd Qtr	2,500	FY25 4th Qtr	3,000

Core PS 1.1.6	Police Department Storefront	<ul style="list-style-type: none">Reduction of crime in police reporting area surrounding storefrontNumber of citizen contacts at storefrontCitizen perception of crime and safety	Police
Summary:			
The Arlington Police Department has four police stations that are geographically aligned to provide service delivery to residents. Due to the recent population growth and expansion of single and multi-family housing in the south district, the Police Department must evaluate decentralized cost-effective models to improve community-police relations, customer service and reduce the fear of crime. One decentralized model is implementing police storefronts in commercial business complexes adjacent to residential neighborhoods.			

Appendix

<p>Police storefronts are a community resource that provides a centralized location to engage residents, business owners and other city departments to discuss safety concerns, share intelligence, develop crime prevention strategies, and address quality of life issues. In addition to providing an alternative space to build community partnerships, implementing storefronts increases the frequency of police presence and visibility resulting in reduced citizen fear and increased safety.</p>

Project		Performance Measure(s)	Department(s)										
Core PS 1.1.8	Radio Replacement	Replace fire radios over three budget years.	Neighborhood Services (Fire)										
<u>Summary:</u> Many of the mobile and portable radios utilized by the Fire Department are at least ten years old and are nearing the end of their useful life. The radio vendor has announced the end of life for the current portable radio model and is only providing best-effort support for repairs. Radios for which parts are no longer available should be replaced during the first year, with priority given to radios assigned to Operations.		<table><tr><th>Milestone</th><th>Estimated Completion</th></tr><tr><td>Radio model selection</td><td>Sept. 2024</td></tr><tr><td>Replace 1/3 of Fire Radios</td><td>Sept. 2025</td></tr><tr><td>Replace 1/3 of Fire Radios</td><td>Sept. 2026</td></tr><tr><td>Replace 1/3 of Fire Radios</td><td>Sept. 2027</td></tr></table>		Milestone	Estimated Completion	Radio model selection	Sept. 2024	Replace 1/3 of Fire Radios	Sept. 2025	Replace 1/3 of Fire Radios	Sept. 2026	Replace 1/3 of Fire Radios	Sept. 2027

Replace 1/3 of Fire Radios	Sept. 2025												
Replace 1/3 of Fire Radios	Sept. 2026												
Replace 1/3 of Fire Radios	Sept. 2027												
<u>Summary:</u> Automating our Fire Station Alerting System (FSAS) will reduce dispatch call-processing times which leads to firefighters responding faster. Dispatching with text to speech will keep the voice heard consistent over the radio regardless of the time of day, workload, or stress level. Calls will be dispatched faster because a dispatcher will no longer need to manually select the stations to receive the tones then manually read the call. Alerting time will be faster because all speakers will be opened simultaneously rather than being opened manually in sequence. This upgraded alerting system will not replace dispatchers but should lead to reduced stress and workload. All systems include Heart Safe ramped tones which help reduce cardiac stress and anxiety. Speaker volume gradually increases rather than being instantly on at full volume to alert firefighters of calls. Implementation options include systems to alert only the individual units responding to the call at night.		<table><tr><th>Milestone</th><th>Estimated Completion</th></tr><tr><td>Phase 1: Stations 1, 2, 3, 4, 5, 6, 7, 9</td><td>Sept. 2024</td></tr><tr><td>Phase 2: Stations 10, 11, 12, 13, 14, 15, 16, 17</td><td>Jan. 2025</td></tr><tr><td>Station 8: installed in new station</td><td>TBD</td></tr><tr><td>Phase 1: Stations 1, 2, 3, 4, 5, 6, 7, 9</td><td>Sept. 2024</td></tr></table>		Milestone	Estimated Completion	Phase 1: Stations 1, 2, 3, 4, 5, 6, 7, 9	Sept. 2024	Phase 2: Stations 10, 11, 12, 13, 14, 15, 16, 17	Jan. 2025	Station 8: installed in new station	TBD	Phase 1: Stations 1, 2, 3, 4, 5, 6, 7, 9	Sept. 2024

Core PS 1.1.9	Community Health Program	Overall satisfaction of project management	Fire and Asset Management

<u>Summary:</u> The Community Engagement Team strives to effectively mobilize a proper public safety response according to community health needs. By devoting an in-house epidemiologist and a paramedic, the Department can be more effective and responsive to other calls. The Community Health Program helps to reduce unnecessary and redundant calls through education and training for the public. After receiving a referral, a profile is created and home visits and follow ups are conducted. Data from Netviewer and ESO is utilized to supplement care for the resident. The Team currently has a city vehicle, one portable radio and one tablet. A need for a CAD License is most likely needed in near future.		<table><tr><th>Milestone</th><th>Estimated Completion</th></tr><tr><td>Home Visits and Follow ups</td><td>Ongoing</td></tr><tr><td>Expanding to Facilities</td><td>Ongoing</td></tr><tr><td>Recover Resource Council collaboration</td><td>FY 2025</td></tr><tr><td>Collaboration with APD units</td><td>Ongoing</td></tr><tr><td>Expanding the team</td><td>FY 2026</td></tr></table> The Team has partnered with APD’s BHLEU team on some of their investigations as well as the Homeless Team from APD. We are working on a collaboration with Recover Resource Council whose focus is Opioid Overdoses. Chief Flaherty performed a ride along with Dallas Fire Rescue Team who also is collaborating with RRC. Core PS 1.1.10	Arlington Fire Department Fire Station Location Study	Overall satisfaction of project management	Fire and Asset Management

<u>Summary:</u> The placement of fire stations has a dramatic impact on the effectiveness and efficiency of services provided by any fire department. Station location analysis begins with an evaluation of the distribution of apparatus and personnel throughout a department’s service area relative to demand for the department’s services and the ability to meet. We will use geospatial and statistical analysis modeling, input from stakeholders, and continual research into where we are not meeting standards for NFPA 1710.		<table><tr><th>Milestone</th><th>Estimated Completion</th></tr><tr><td>Inventory Existing Fire Stations</td><td>TBD</td></tr><tr><td>Determine Service Areas and Response Modeling</td><td>TBD</td></tr><tr><td>Identify Properties that can be purchased or used for future fire stations</td><td>TBD</td></tr></table>		Milestone	Estimated Completion	Inventory Existing Fire Stations	TBD	Determine Service Areas and Response Modeling	TBD	Identify Properties that can be purchased or used for future fire stations	TBD

link through the City Portal, the Arlington Professional Firefighters website and even via a QR code printed on a red poker chip issued to all members.

Finally, Arlington Fire Department was able to provide a 4-hour personal resiliency class taught by the professionals from The Readiness Group. This class teaches members to recognize the signs of stress, the negative health effects that it causes and healthy coping mechanisms to help reduce it. This class was presented to nearly 300 members of the department including prevention and dispatch.

These programs are possible by a grant awarded to us by The Office of Governor which we have applied for renewal for 2025 to continue these services.

Core PS 1.2.1	Court Security Master Plan	Implementation into Business Practice	Municipal Court																		
<u>Summary:</u> The assassination attempt against Travis County District Judge Julie Kocurek in the fall of 2015 underscored the need for continuous evaluation of court security policies and plans. According to the Texas Office of Court Administration, court incidents have increased 23% from the prior year to an all time high of 588 incidents. These incidents include, but are not limited to, threats to harm a person or property, disorderly conduct, assaults, weapons, introduction of weapons or contraband, or any other serious situation involving security issues that disrupts court activities. Thus, Courts must ensure proper court security procedures, training, technology, personnel, and architectural features, to not only protect the safety of the people and property within and around the courts, but also the integrity of the judicial process. Under the auspices of the Court Security Committee (CSC) and utilizing best practices from the Texas Office of Court Administration, and the National Center for State Courts (NCSC), the Municipal Court will be taking a proactive approach to updating policies, procedures, operations, structures, trainings, and planning to create and implement a comprehensive and centralized security master plan. City Tower will be undergoing structural improvements. The Court will be transitioning into old UTA social work building mid-July. This move also will create new security risks that will need immediate attention.		<table><tr><th>Milestone</th><th>Target</th><th>Status</th></tr><tr><td>Work with Court Security Committee to implement move into UTA and note lessons learned towards building/staff/technology issues that may arise.</td><td>4th Qtr. Goal 1: Utilize Targeted Initiatives and Industry Best Practices and Policies to Foster a Safe Environment																									
Objective 2: Protect Public Well-being																									
Project		Performance Measure(s)	Department(s)																						
Core PS 1.2.2	Risk Management & Safety Safe Driving Recognition Program	<ul style="list-style-type: none">No vehicle accidents reportedNo at-fault vehicle accidents reported	Human Resources																						
<p><u>Summary:</u></p> <p>To promote and encourage safe driving habits amongst City employees, Risk Management will review accidents involving a city-owned vehicle at the end of each quarter and recognize those departments that do not report any accidents, and those that do not report any at-fault accidents for that quarter.</p> <p>Risk Management and Safety continues to educate and train City departments on safe operation of vehicles and equipment through defensive driving and online and in-person trainings. Risk utilizes Fleet’s GPS technology software, Samsara, to monitor and identify trends in driving behaviors such as hard braking and speeding to help determine areas of improvement amongst city drivers.</p> <p>Positive reinforcement has historically proven to increase employee production and performance. Departments who do not report any accidents or any at-fault accidents in a given quarter, will receive a certificate of recognition from Risk Management & Safety as a reward for demonstrating safe driving practices and behaviors.</p>			<table><tr><th>Milestone</th><th>Target Date</th><th>Status</th></tr><tr><td>Communicate with department managers and supervisors about the recognition program to boost morale</td><td>1st Qtr. Goal 2: Mitigate Flood Risks and Protect Stormwater Infrastructure

Objective 1: Plan and Implement Stormwater Projects

Project		Performance Measure(s)	Department(s)
Core PS 2.1.1	Stormwater Projects	Implement Projects That Mitigate Flooding Concerns	Public Works

Summary:

Stormwater Projects are funded through the Stormwater Utility Fee and are included in the annual capital budget as well as in the Comprehensive Stormwater Master Plan.

The projects listed below include major maintenance projects that began construction prior to FY 2025 as well as the planned FY 2025 construction projects. Project milestones listed in the table will be updated as they occur.

Stormwater Capital Improvement Project	Est. Bid Date	Actual Bid Date	Estimated Completion	Actual Completion	Linear Feet of Pipes/Channels Constructed
2023 Miscellaneous Stormwater Construction	Oct. 2023	Oct. 2023	Jan. 2025		
Lower Johnson Maintenance Ramp and Erosion	Mar. 2024	Mar. 2024	Jan. 2025		
Lower Johnson Creek Dredging, Phase 2	May 2024				

The projects listed below include major flood mitigation projects that began construction prior to FY 2025 as well as the planned FY 2025 construction projects. Project milestones listed in the table will be updated as they occur.

Stormwater Capital Improvement Project	Structures Protected	Est. Bid Date	Actual Bid Date	Estimated Completion	Actual Completion	Linear Feet of Pipes/Channels Constructed
California Ln. Drainage Improvements Phase 1	60 (all phases)	June 2022	Feb. 2023	Aug. 2025		8,295 LF of Pipe
Harvest Hills Drainage Improvements Phase 1	47 (all phases)	Aug. 2019				

Public Safety			
Goal 2: Mitigate Flood Risks and Protect Stormwater Infrastructure			
Objective 1: Plan and Implement Stormwater Projects			
Project		Performance Measure(s)	Department(s)
Core PS 2.1.2	Airport South Drainage Improvements	Operating Cost Recovery	Transportation
<u>Summary:</u>			
The Airport, in conjunction with TxDOT Aviation and City of Arlington Public Works, completed a drainage study in FY 2022. The existing storm drain infrastructure has deficiencies in capacity on the south end of the airport. Model results indicate ponding to the south of the airfield during all storm events, with runoff overtopping Green Oaks Boulevard during the 25-year and 100-year storm events. Flooding in this region can be attributed to undersized pipes that convey runoff below the vehicle service roads, as well as the volume of the runoff directed to this outfall location. New, increased drainage infrastructure is needed to control stormwater and prevent future flooding from continuing to cause issues.

Public Safety															
Goal 2: Mitigate Flood Risks and Protect Stormwater Infrastructure															
Objective 2: Enhance Awareness of Stormwater Risk															
Project		Performance Measure(s)	Department(s)												
Core PS 2.2.1	Community Rating System	Develop and Implement plans for Flood Awareness, Responses, and Warning Systems.	Public Works												
<u>Summary:</u>															
<p>The City participates in the National Flood Insurance Program’s Community Rating System (CRS). This voluntary incentive program recognizes communities that implement floodplain management practices beyond FEMA minimum requirements by offering discounted flood insurance rates to all residents within the community. The City currently maintains a CRS classification of 5, which provides a 25% discount on insurance premiums.</p> <p>Core components of CRS include Public Information Activities, Flood Damage Reduction Activities, and Warning & Response Activities. Implementation of plans under each of those categories will improve public safety for flooding by raising public awareness of flooding, reducing efforts required for post-flood response, and providing advance warning for potential flood events.</p> <ul style="list-style-type: none">Task 1: Develop a new 5-year plan for the Program for Public Information (PPI) based on updated insurance data and community needs.Task 2: Adopt a Substantial Damage Plan in accordance with CRS Activity 512.Task 3: Develop and Fully Implement Flood Warning and Response plan in accordance with CRS Activity 610.		<table><tr><th>Outreach Task</th><th>Estimated Completion</th><th>Actual Completion</th></tr><tr><td>Develop 5-year Plan</td><td>Jan. 2024</td><td></td></tr><tr><td>Adopt Substantial Damage Plan</td><td>Apr. 2024</td><td></td></tr><tr><td>Develop and Implement Flood Warning and Response Plan</td><td>July 2024</td><td></td></tr></table>		Outreach Task	Estimated Completion	Actual Completion	Develop 5-year Plan	Jan. 2024		Adopt Substantial Damage Plan	Apr. 2024		Develop and Implement Flood Warning and Response Plan	July 2024
