**Executive Summary**

## 1. Introduction

The Program Year 2026 Action Plan describes how the City of Arlington intends to use funds available under the Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) programs to meet priority community needs. The Action Plan also serves as the application for these grant funds to the U.S. Department of Housing and Urban Development (HUD) for the program year which begins July 1, 2026 and ends June 30, 2027. The primary objectives of the plan include affordable and decent housing, creation of a suitable living environment, and economic opportunities for Arlington residents who are primarily low- and moderate-income.

The Action Plan outlines the use of funds for the second year of the 2025–2029 Consolidated Plan, detailing the annual activities and budgets that address locally identified needs and priorities, including affordable housing, homelessness, special needs populations, and community development initiatives. Development of the 2025-2029 Consolidated Plan and PY2026 Action Plan incorporates input and coordination with neighborhood groups, non-profit providers, private developers, City departments, and regional and neighboring partners to ensure that annual strategies align with current conditions, service systems, and HUD’s expectations for collaborative implementation.

Allotments within this plan are proportionately adjusted based upon final allocations received from HUD. Estimated allocations were based upon PY2025 funding levels. For PY2026, the City received a 2.65% decrease in funding for CDBG, 0.88% increase in HOME, and a 2.95% decrease in funding for ESG in comparison to PY2025 allocations. Each program received a corresponding decrease or increase in funding based upon the given percentage amount. The City has reprogrammed additional HOME funds of \$423,589 and CDBG funds of \$39,183 as listed on the Budget Summary (see Table 1).

<sup>2</sup> Human Services Planning goals are based on the number of non-profit engagements and collaborations.

<sup>3</sup> Code Compliance goals for servicing households within the Target Area for NRSA.

<sup>4</sup> Seminars will be available during the Homeownership Fair events.

## **2. Summarize the objectives and outcomes identified in the Plan**

Projects and activities are provided city-wide as well as in two low-income target areas: The Central Arlington Neighborhood Revitalization Strategy Area (NRSA) and the East Arlington Target Area. A map of these target areas can be found below on page 11. Activities will be provided city-wide to serve residents that are predominantly low- to moderate-income. Planned activities are designed to produce measurable impacts at the neighborhood level and include affordable housing opportunities, owner-occupied housing rehabilitation, new owner-occupied housing, homeless services, neighborhood infrastructure improvements including broadband in low-income areas, public facilities, NRSA code compliance, and access to job training and educational services.

## **3. Evaluation of past performance**

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City of Arlington has successfully utilized CDBG, HOME and ESG funds to meet community needs and anticipates that annual goals will be met or exceeded based on past performance. Accomplishment highlights from the most recent complete program year (PY2024) include the following:

- Public services provided for approximately 23,518 residents
- Public services to prevent, prepare for, and respond to coronavirus provided to 1,251 residents
- Youth services provided dental health education, day camps, one-on-one mentoring, computer classes, educational tutoring, health and life skills training, and after-school programming to 11,240 low-income youth
- Homeless shelter services to 837 individuals
- Rental vouchers provided to 53 households through various housing assistance programs
- Rapid rehousing assisted 59 individuals
- Housing rehabilitation for 28 low- to moderate-income homeowners
- Day habitation services were provided to 93 adults with physical and mental disabilities
- Temporary rental assistance provided to 53 households through Tenant-Based Rental Assistance (TBRA) program
- Food pantry services were provided to 10,730 residents
- There were 3,446 meals provided and nutritional counseling to 40 seniors
- Substance abuse counseling and referrals provided to 205 individuals
- Architectural barrier removals for 4 households for seniors and persons with disabilities
- CDBG funds will be used to construct a childcare facility. The facility will provide care for up to 100 infants and toddlers between the ages of 0-4, from low-income families. Target completion date is summer 2026

Overall, in PY2024 the City met 22 of 24 annual program goals and made significant progress towards meeting the remaining objectives in the 2025-2029 Consolidated Plan. The explanation of goals where progress was not made, or activities falling behind schedule include the following:

- 1) The New Construction Activities fell below the target goal as remaining 4 units are still in design.
- 2) The goal of providing case management services to low-income individuals fell below target due to staffing challenges. The program experienced delays in hiring and was only able to onboard a case manager midway through the year. As a result, service delivery and client enrollment were limited during the first half of the reporting period.

#### 4. Reprogramming of prior program year funds

The City of Arlington proposes reprogramming prior-year funds to the PY2026 Annual Action Plan as follows:

- 1) Reprogramming from prior-year CDBG funds in the amount of \$39,182.96 from the PY2023 Marcellus & Slaughter Street Improvement Project, PY2024 Neighborhood Infrastructure TBD, PY2024 Project Compliance, and PY2025 Project Compliance activities to PY2026 CDBG Funds Available – TBD. These funds will be reallocated through the PY2026 Action Plan to support eligible CDBG activities.
- 2) Reprogramming from prior-year HOME funds in the amount of \$423,589.00 from the PY2025 HOME Community Housing Development Organization (CHDO) Reserves and PY2025 HOME TBD activities to PY2026 HOME to support the Housing Channel Park Row Townhomes project to benefit low- and moderate-income households.

### Grants Management Staff attendance:

1. Richard Pine, City
2. Krystal Almaraz, City
3. Catherine Donaldson, City
4. Haider Akram, City
5. Shana Washington, City
6. Sarah Kanema, City

In accordance with HUD's public participation requirements under 24 CFR 91, a public hearing was held on Thursday, March 19, 2026, to present the PY2026 Action Plan and receive public comments. Richard Pine, Grants Program Supervisor, provided an overview of estimated CDBG, HOME, and ESG funding levels; summaries of all public service, housing, and homelessness-related applications submitted by participating organizations; and total application amounts compared with projected federal allocations, noting that requests exceed anticipated funding. He further indicated that final funding levels will be adjusted upon HUD's issuance of official PY2026 allocation amounts. A tentative schedule for City Council consideration and submission to HUD was also reviewed, with final dates contingent on HUD's release of confirmed figures.

### Public Comment Summary

During the presentation, participants were afforded the opportunity to provide public comments. No comments were made during the meeting.

Attendees were reminded that the public comment period remains open for the required 30 days, through April 10. They were encouraged to review the draft Executive Summary on the Grants Public Notice webpage on the City of Arlington's website ([www.arlingtontx.gov](http://www.arlingtontx.gov)) and were advised of the methods available for submitting written comments or feedback.
