ASSESSMENT PLAN

A. Introduction

Section 372.015 of the PID Act, "Determination of Assessment," provides as follows:

- (a) The governing body of the municipality or county shall apportion the cost of an improvement to be assessed against property in an improvement district. The apportionment shall be made based on special benefits accruing to the property because of the improvement.
- (b) Cost of an improvement may be assessed:
 - (i) equally per front foot or square foot;
 - (ii) according to the value of the property as determined by the governing body, with or without regard to improvements on the property; or
 - (iii) in any other manner that results in imposing equal shares of the cost on property similarly benefited.
- (c) The governing body may establish by ordinance or order:
 - (i) reasonable classifications and formulas for the apportionment of the cost between the municipality or county and the area to be assessed; and
 - (ii) the methods of assessing the special benefits for various classes of improvements.
- (d) The amount of assessment for each property owner may be adjusted following the annual review of the service and assessment plan.

This section of this Service and Assessment Plan explains the Assessments based on the special benefits accruing to property within the Anthem PID such that equal shares of the costs are apportioned to property similarly benefited.

B. Assessment Method

Pursuant to Section 372.015 of the PID Act, method of assessment for the PID shall be according to the value of the property and improvements as determined by the governing body (Tarrant Appraisal District). Assessments are levied at a rate based on the need for use of funds on any given year, and rates while not exceed \$0.80 cents per \$100 valuation for the duration of the 28-year plan. For Fiscal Years 2026, 2027, and 2028, the levy shall be \$0.00.

C. Special Benefit

The Improvements are provided specifically for the properties within the PID. The Improvements include all services, programs and improvements stated under Section III of the subject Service and Assessment Plan.

It has been determined that services and improvements stated under Section III of the subject Service and Assessment Plan are expected to provide benefit to all Assessed Properties in the PID.

D. Exempt Property

Payment of assessment by exempt jurisdictions other than the City must be established by contract in accordance with Section 372.014 of the PID Act. There are exempt parcels in the jurisdiction which benefit from the PID, therefore exempt jurisdiction property other than City property in the PID shall be assessed for the Improvements via contract.

**Section VI
THE ASSESSMENT ROLL**

The Assessment Roll, attached hereto as Exhibit D, shall also be updated each year to reflect any subdivisions or consolidations of Parcels in the PID and the Annual Installment due for each Parcel for each year as described in this Service and Assessment Plan.

The Administrator shall prepare, and the City Council shall approve updates to the Assessment Roll each year to reflect:

- (a) with respect to each Parcel
 - (i) the identification of each Parcel in the PID (including, if available, the identification number for such Parcel);

- (ii) the Annual Installment to be collected from each Parcel;
- (b) any other changes helpful to the administration of the PID and permitted by law.

Section VII

MISCELLANEOUS PROVISIONS

A. Administrative Review

An owner of Parcel claiming that a calculation error has been made in the Assessment Roll, including the calculation of the Annual Installment, shall send a written notice describing the error to the City not later than thirty (30) days after the date any amount that is alleged to be incorrect is due prior to seeking any other remedy. The Administrator shall promptly review the notice, and if necessary, meet with the Parcel owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred.

If the Administrator determines that a calculation error has been made and the Assessment Roll should be modified or changed in favor of the Parcel owner, such change or modification shall be presented to the City Council for approval. A cash refund may not be made for any amount previously paid by the Parcel owner (except for the final year during which the Annual Installment shall be collected), unless there are sufficient funds to meet the obligations of the PID if a refund is made, but an adjustment shall be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to the Assessment Roll may be appealed to the City Council for determination. Any amendments made to the Assessment Roll pursuant to calculation errors shall be made pursuant to the PID Act.

Nothing in this section shall be construed to limit or waive the right of any Parcel owner to protest or appeal the appraised value of its property, or to pursue any other remedies available under applicable law relating to ad valorem taxation.

B. Amendments

Immaterial amendments may be made to this Service and Assessment Plan by the City Council without further notice under the PID Act and without notice to owners of Parcels within the PID. Immaterial amendments shall be those that:

- (a) clarify or correct minor inconsistencies in the matters set forth herein;

- (b) provide for lawful procedures for the collection and enforcement of the Improvement Assessments and other charges imposed herein so as to assure their efficient collection; and
- (c) do not impair the ability of the City Council to fulfill its obligations to impose and collect the Assessments and charges imposed herein and to make it available for the payment of costs relating to the PID.

Supplemental assessments may be made by the City to correct omissions or mistakes in the Assessment relating to the total cost of the improvements pursuant to Section 372.019 of the PID Act.

C. Interpretation of Provisions

The City, with the approval of the City Council, shall make all interpretations and determinations related to the application of this Service and Assessment Plan, unless stated otherwise herein and as long as there is a rational basis for the determination made by the City, such determination shall be conclusive.

D. Collection of Annual Installments

Collection of Annual Installments from benefitting properties shall be collected by City by invoice to property owners and parties participating via contract in a similar timeline as ad valorem taxes of the City and shall be subject to the same penalties, procedures, and foreclosure sale in case of delinquencies as are provided for ad valorem taxes of the City.

E. Disbursement of Annual Installment Revenue

Once Annual Installment payments have been received by the City, the City will then disburse payments to the designated Management Company overseeing the PID services, programs, and improvements based on the frequency and conditions agreed to between the City and designated Management Company.

E. Severability

If any provision, section, subsection, sentence, clause or phrase of this Service and Assessment Plan, or the application of same to a Parcel or any person or set of circumstances is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this Service and Assessment Plan or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council in adopting this Service and Assessment

Plan that no part hereof, or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness or invalidity of any other part hereof, and all provisions of this Service and Assessment Plan are declared to be severable for that purpose.
